NOTES ON NEWS OF THE DAY.

THE government of Chili is expending $500,000 to promote immigration, and provides all immigrants on arriving with board and lodging for 15 days. The Chinese are rigidly excluded, but people of all other nationalities are welcome.

JUDGE GARY of Chicago, who tried the Anarchists that were sent to the gallows, has promised Oscar Neebe, the fifteen years' convict, to use his influence for a pardon if Neebe will make a confession of the workings of the Anarchists and their system. Neebe has begun to write the confession.

DR. MCGLYNN denounced parochial schools at the meeting of the Anti-Poverty Society of New York last night. He said they were largely taught by unemployed coal heavers or men of that sort, who sandwiched bad grammar with the catechism in illy ventilated school rooms in the basements of churches.

GEN. HARRISON is on his way to Washington, and will reach that city to-morrow afternoon if there is no delay. He will then consult with the leaders of the party, many of whom were associated with him in Congress, concerning the Cabinet. It is understood at Indianapolis that no definite choice has yet been made for either the Navy or Agricultural Department. Some of the other reported selections are held also subject to revision.

MR. AND MRS. CLEVELAND have packed up everything in the White House belonging to them, and will be at the residence of Secretary Fairchild after to-morrow. It is expected that they will, according to custom, entertain the new President and his wife at lunch in the White House on inauguration day, and leave for New-York in the afternoon. Mr. Cleveland is anxious to get at work, and proposes to waste no time after his salary stops.

PREMIER MILLS threatens to filibuster away the entire remainder of the Congressional session rather than permit the adoption of Randall's resolution fixing a day for the consideration of the Cowles tobacco bill. If this purpose is carried out several appropriation bills are likely to fail, thus forcing that alternative so much dreaded by all Democrats, an extra session. From 25 to 75 Democrats will stand by Randall and the Republicans in fighting for the passage of the bill, and a continuous session lasting three or four days and nights is anticipated.

THE state discovers that it has a very careless Comptroller. His deputy, Westbrook, testified on Saturday that Mr. Wemple allowed contractor Snaith to draw $15,000 from the treasury more than he was entitled to because he regarded Superintendent Andrews, who certified to the vouchers, as an honest man. If Mr. Wemple does all of the business of the state in this way he is a dangerous "watchdog of the treasury" to be on duty. Mr. Wemple is preparing to run for a second term. Voters will please remember how guileless, unsophisticated and confiding he is.

CONTRACTOR SNAITH exhibited his books to the Appropriations Committee on Saturday, though he had been advised by his counsel not to do so. So many recent changes had been made in the books that even Chairman Ainsworth was startled. There was one fresh charge of $54,000 just made which his book-keeper swore he dated November 8th because he found a blank space under that date. The committee was convinced that Snaith made from $85,000 to $95,000 and sub-contractor Sullivan about $20,000 from the job. The Public Building Trustees have not yet suspended Andrews, and ugly rumors are afloat about Albany concerning the diversion of a large portion of the steal to the Democratic campaign fund. The impression grows that Hill and Jones dare not suspend Andrews.

THE FREEMAN on Saturday good naturedly gave space to an article from the St. Louis *Stationer*, in which our readers were informed that the newspaper of the future was to be run without editors and without brains. Any young man will, it seems, be qualified to take a position on such a paper, even the ability to write good English being of not the slightest consequence. This may be the newspaper of the future, but that future is still remote. It will be a future in which preachers will take up their time in reading chapters from the Bible and selections from established creeds, lawyers confine their pleas to readings of the statutes and judicial decisions, and doctors administer patent medicines under the directions of the almanacs. Readers of the present generation of newspapers need take no alarm over the vaticinations of "Ricardo." The field for the newspaper without opinions may be broad and long, but its locality has not yet been discovered.

GEN. HARRISON's pastor, Rev. Dr. Haines, referred to his distinguished member in his sermon yesterday for the first time since the nomination. He spoke of him as "one who has been identified with this Christian church for more than a quarter of a century as a member and officer," and assured him that he would carry with him "the unswerving confidence as well as the warm personal regard of his fellow Christians." He continued: "We have learned to believe in you, in your personal integrity, in your tested Christian character. We join in the anticipation that you will exhibit to the people of this nation that crowning glory of magistrates and sovereigns, a genuine, broad Christian manhood, pure in its purpose, catholic in its spirit, undeviating in its loyalty to duty and to God. In conclusion he said: "We are glad in the belief that the righteous hope inspired by your life among us will be justified in days to come. We rejoice in the confident expectation that the coming quadrennium will be marked by the priceless blessings from the Father of Mercies, conferred upon our beloved country, through your character and administration." Gen. Harrison was present with his wife and daughter, occupying the family pew. After the service there was a farewell handshaking with his church brethren. Gen. Harrison has been a member of the Presbyterian church at Indianapolis 34 years, which is the entire time that he has resided in that city.

HARRISON'S TRIP TO WASHINGTON.

Plans for His Entertainment: Gas Wells to be Lighted in Pennsylvania.

By Telegraph to The Freeman.

INDIANAPOLIS, Ind., Feb. 25.—Many buildings in the business portion of the City are gaily decorated, while from the top of nearly every building floats the stars and stripes in honor of the departure, this afternoon, of President-elect Harrison. Quite a number of country people have come in to witness the departure of the General.

AT HARRISON'S RESIDENCE.

At the Harrison residence this morning everything was hurry and bustle and running to and fro. Trunks and parcels had been leaving the house every half-hour since 9 o'clock, and by noon the family had about finished their packing and were ready for the momentous journey.

CONSTANT STREAM OF CALLERS.

General Harrison's time was pretty well occupied with receiving the constant stream of callers who came to say good-bye.

THE GENERAL COOL AND COLLECTED.

Although members of the family are more or less excited by the prospect of the trip, General Harrison is outwardly as cool and collected as though he were just going off on a five days' hunting expedition.

PRESENTED WITH A GRIP-SACK.

At 10 o'clock the General received T. S. Quincy, the President of the Commercial and Traveling Men's Republican Club, of Chicago, who called to present the elegant grip-sack donated by the club. The General received him in the front parlor. Mr. Quincy, after describing the present, and exhibiting it to the General, briefly addressed him, saying:

T. S. QUINCY'S SPEECH.

"General, the contents of the satchel being of pure silver, is emblematical of your purity of life, the clasp being triple-gold-plated indicates that you were tried by fire at Peach Tree Creek, second by the hot fire of Democratic opposition in the Senate of your country, and third, through a political campaign as the standard-bearer of the Republican party, and like gold, thrice tried by fire, came out of the public crucible more pure than when you entered the arena of public life. This satchel is not presented from any consideration of the history of your forefathers, but as a compliment to your individual worth. Take it with you wherever you go, it will ever lead you to the best in the land, and we venture to assure you, to the best accommodations the country affords. While the present trip is but for four years we have no doubt that should it become necessary to duplicate the order, the grip-sack will be in such condition that it will be fit to accompany you."

HARRISON'S RESPONSE.

General Harrison responded and thanked the Club for their support and their kind remembrance.

A UNIQUE SERENADE.

During the morning a venerable colored man of local celebrity, Peter W. H. Johnson, serenaded the General and his family with a unique and original musical instrument, playing several patriotic airs. He had for an audience Mrs. Harrison and the children, and a crowd outside. During the entire morning a crowd was congregated in the yard.

WESTERN PENNSYLVANIA SPECTACLE.

PITTSBURGH, Pa., Feb. 25.—A spectacle peculiar to Western Pennsylvania, and similar to one gotten up for Mrs. Cleveland, when she and her husband passed through this City two years ago, is being prepared for President-elect Harrison and his party, to-morrow morning. It has been arranged to have the train halted for a few moments at Jeannette, and have all the gas wells lighted in the entire neighborhood. The glass manufacturers of that City have arranged for the exhibition, and have received assurance that the party will stop there to-morrow morning.

ASSEMBLY CEILING INVESTIGATION.

What Report of the Committee, Expected To-Morrow, Will Say.

By Telegraph to The Freeman.

NEW-YORK, Feb. 25.—A report from the Assembly Ceiling Investigation Committee is expected to be made to-morrow. The report will say that the contract has not been fulfilled; that Superintendent Andrews was grossly derelict of duty in some respects, and that he usurped authority in other respects; that the Mooney bid was a straw one; that Hughes' was ineligible because it exceeded the amount of the appropriation; that Sweet's, Sullivan's and Snaith's were, so far as the evidence shows, regular; and that the profit on the job was out of all proportion to the work performed.

LEAVING THE KNIGHTS OF LABOR.

Action Taken by Dissatisfied Boot and Shoe Workers in the East.

By Telegraph to The Freeman.

BOSTON, Feb. 25.—The wide-spread dissatisfaction of the boot and shoe workers attached to the Knights of Labor through National Trade Assembly 216, at the treatment they have received at the hands of the general officers of the Knights of Labor has culminated in a powerful movement in the larger shoe towns to sever the connection of the trade with the Knights of Labor. At a special meeting, Saturday night, of the Local Assembly of boot and shoe workers of Dover, N. H., called to take action on the circular issued by the Boot and Shoe Workers' National Trade Assembly, No. 216, Knights of Labor, calling upon all shoemakers under their jurisdiction to vote on the advisability of leaving the Knights of Labor and forming an International Trade Union of the craft, it was voted to withdraw from the Knights of Labor and form a local union to be attached to the Boot and Shoe Workers' International Union. Sunday night a similar meeting was held by the boot and shoe makers at Haverhill, Mass., with the same result as at Dover.

Father Stephens on Trial.

DUBLIN, Feb. 25.—Father Stephens, who was arrested, yesterday, for advising tenants on the Olphert estate not to pay their rents, was arraigned to-day. He was remanded for trial, bail being refused.

AT THE NATION'S CAPITAL TO-DAY.

Dilatory Measures in the House of Representatives This Forenoon.

By Telegraph to The Freeman.

WASHINGTON, Feb. 25.—In the House, to-day, the last week of the Fiftieth Congress was ushered in by filibustering, set in motion by Mr. Bland, who raised the point of no quorum upon the approval of the journal. After a few minutes delay Mr. Bland withdrew his point of order to enable C. F. Booher, of Missouri, to qualify as the successor of the late James N. Burnes. Mr. Booher having qualified and the journal having been approved, Mr. Bland resumed his dilatory tactics and moved a recess for 30 minutes. The hour of 11 found the tellers still at their posts and then Mr. Bland, having accomplished his object in nullifying the order assigning one hour to the consideration of measures called up by unanimous consent, withdrew his motion and permitted the cog-wheels of legislation to revolve.

Mr. Hatch asked unanimous consent to non concur in the Senate amendments to the agricultural appropriation bill, but Mr. Sherman, of New-York, objected. Mr. Peel submitted the conference report on the bill authorizing the Leavenworth & Rio Grande Railroad Company to construct a road across Indian Territory.

Mr. Crisp, in the interest of the California contested election case, raised the question of consideration. Then again the machinery of the house became conjested. The House on a vote by tellers decided, 127 to 43, to consider the conference report.

Mr. O'Neal, of Pennslyvania, demanded the yeas and nays, but not being able to muster sufficient strength to support his demand resorted to filibustering methods and moved an adjournment. In these methods he was ably seconded by Mr. Bland, who interjected a motion that when the House adjourn to-day it be to meet on Wednesday next. After some time the motions were withdrawn and the conference report was agreed to.

Mr. Peel also made a conference report on the bill granting right of way through Indian Territory to the St. Louis & San Francisco Railroad Company. Agreed to.

The Senate amendments were non-concurred in to the agricultural appropriation bill.

Mr. Crisp called up the contested election case, and Mr. Sayers, of Texas, in the interest of the deficiency bill, raised the question of consideration. The yeas and nays being ordered, the mass of the Republicans refrained from voting, in order to break a quorum, but subsequently, when it was manifest that this object had not been accomplished, the Republicans recorded their votes in the negative. The House decided, 115 to 102, to consider the election case, but Mr. McKenna, of California, who had voted in the affirmative for this purpose, moved a reconsideration. Mr. Crisp moved to table that motion.

This time the edict of "don't vote" went forth, and the Republicans withheld their votes. The vote resulted, yeas 124, nays none, no quorum, and a call of the House was ordered.

Bills passed: For lights at the western end of Coney Island, New-York, $25,000; for light-house and steam fog signal on the eastern end of the outer breakwater at Chicago; for a steam tender for the great lakes; for a light-house on Eleven Foot Shoal, off Point Peninsula, Lake Michigan; for sundry lights on Lakes Erie, Ontario and Michigan; for a light-house and fog bell on Oyster Bed Shoal; Hudson River, N. Y., [$35,000.]

The conference reports on the bills granting right of way through the Indian Territory to the St. Louis & San Francisco Railroad Company and to the Leavenworth & Rio Grande Railroad Company were presented and agreed to.

The House amendment to the Senate bill granting a pension to Mrs. General Sheridan [reducing it from $3,500 to $2,500 and making it subject to the pension laws] was concurred in.

LARCENY IN THE FIRST DEGREE.

It is Probable Ives and Stayner will be Separately Indicted.

By Telegraph to The Freeman.

NEW-YORK, Feb. 25.—The Court of General Sessions where Henry S. Ives and George H. Stayner, the financiers, were to be arraigned, to-day, was unable to accommodate the throng of people assembled to hear the proceedings. The specific charges against the accused is that of larceny in the first degree, in selling 65 $1,000 bonds of the Cincinnati, Richmond & Chicago Railroad, a branch of the Cincinnati, Hamilton & Dayton Road, of which Ives was President. This is the only indictment against them, but other indictments are being sought for by the prosecution. It is probable they will be separately indicted for each of their crooked transactions. The penalty on conviction is five to 10 years' imprisonment. Edward W. Woodruff, the clerk for Ives and Stayner, who was made Treasurer of the Ohio Road by Ives and who was arrested in Newark last week for complicity in the crime, was also expected to plead with his former employers this morning, having surrendered himself to the New-York authorities last night.

Shortly after the Court opened word was received from the District Attorney's office that the case would be postponed until to-morrow. The reason for this action is supposed to be that Woodruff wants time to secure legal advice before pleading.

ORDER OF BUSINESS IN THE SENATE.

Action of the Caucus of Republican Senators Held this Morning.

By Telegraph to The Freeman.

WASHINGTON, Feb. 25.—A caucus of Republican Senators was held this morning, for the purpose of deciding upon the order of business in the Senate during the remainder of the session, and particularly what course should be adopted with regard to the Evarts election resolution. It was practically decided, in view of the evident purpose of the Democrats to delay final action upon the election resolution until the adjournment of Congress, to lay that matter aside temporarily from time to time, and allow other measures to be taken up. Under the arrangement the remaining appropriation bills and conference reports will be taken up as fast as possible.

SOME RECENT DISASTROUS FIRES.

Large Mill Destroyed by Incendiaries; Blaze In a New-York Tenement.

By Telegraph to The Freeman.

LEAVENWORTH, Kans., Feb. 25.—Kelly & Lysle's flour mill was burned with 2,000 barrels of flour early this morning. The mill was one of the largest in the Missouri Valley, having a capacity of 500 barrels a day. The loss will reach $100,000. The fire is supposed to have been of incendiary origin.

ST. LOUIS, Mo., Feb. 25.—Eight business houses in Black Jack, Texas, were burned Saturday night. Loss $50,000.

NEW-YORK, Feb. 25.—Fire broke out early this morning in the tenement house No. 129 Eldridge-street and came very near causing serious loss of life. The occupants succeeded in saving their lives by climbing out through the roof and jumping out of the windows in their night clothes. No fatal injuries were received but many were bruised. Jessie Hannan, 19 years old, jumped out of the second-story window and struck her head in falling. She will recover. While Fireman George Cusick was ascending the stairs they gave way. He fell to the first floor and received serious injuries, but will recover. It is supposed the fire was the work of an incendiary. People living in the house say the second and third floors were saturated with kerosene. The Fire Department will investigate.

CORBONDALE, Pa., Feb. 25.—Frank Craig's boarding-house at Monkey Run was burned last night. Patrick Sweeney, of Lehigh County, and a servant girl named Sarah Ford, of Beranton, perished. Other occupants narrowly escaped.

Killed Herself and Children.

By Telegraph to The Freeman.

CHICAGO, Feb. 25.—Mrs. Elizabeth McAuley and her two children were found dead in bed together this morning. In the woman's mouth was a rubber tube connected with the gas jet. The gas was turned on full head, indicating that Mrs. McAuley had deliberately planned to kill her children and herself. She shot and killed her husband on December 4, 1887, while in a fit of jealosy. No indictment was found against her. She had suffered from a mild form of insanity ever since.

THE STOCK AND MONEY MARKET

Financial Doings on Wall-Street To-Day—The Leading Closing Quotations.

By Telegraph to The Freeman.

NEW-YORK, Feb. 25.—The stock market, this morning, was dull for the great majority of the list, but there was marked activity in a few stocks which gave a moderate degree of animation to the dealings, with St. Paul the principal feature. First prices, as compared with Saturday's closing, were almost invariably lower, although the losses were generally small. St. Paul, however, was off ⅞ and Missouri Pacific 1 per cent. The subsequent transactions were almost devoid of feature, the general list fluctuating within the narrowest limits with no decided tendency in either direction, though there was a rather heavy tone during most of the hour. At 11 o'clock the market was quiet and steady.

Gladstone and "London Times."

By Cable to The Freeman.

LONDON, Feb. 25.—W. E. Gladstone, in a letter to the *Times* says that paper's article on the Hawarden evictions was based upon misstatements and complains of the failure of the *Times* to print the subsequent explanations. Mr. Gladstone continues: "Your wanton intrusion on a private domain, so alien to the honorable traditions of the British press has compelled me to be thus guilty of seeming impertinence in troubling the public with my personal affairs."

NOTES ON NEWS OF THE DAY.

THE government of Chili is expending $500,000 to promote immigration, and provides all immigrants on arriving with board and lodging for 15 days. The Chinese are rigidly excluded, but people of all other nationalities are welcome.

JUDGE GARY of Chicago, who tried the Anarchists that were sent to the gallows, has promised Oscar Neebe, the fifteen years' convict, to use his influence for a pardon if Neebe will make a confession of the workings of the Anarchists and their system. Neebe has begun to write the confession.

DR. MCGLYNN denounced parochial schools at the meeting of the Anti-Poverty Society of New York last night. He said they were largely taught by unemployed coal heavers or men of that sort, who sandwiched bad grammar with the catechism in illy ventilated school rooms in the basements of churches.

GEN. HARRISON is on his way to Washington, and will reach that city to-morrow afternoon if there is no delay. He will then consult with the leaders of the party, many of whom were associated with him in Congress, concerning the Cabinet. It is understood at Indianapolis that no definite choice has yet been made for either the Navy or Agricultural Department. Some of the other reported selections are held also subject to revision.

MR. AND MRS. CLEVELAND have packed up everything in the White House belonging to them, and will be at the residence of Secretary Fairchild after to-morrow. It is expected that they will, according to custom, entertain the new President and his wife at lunch in the White House on inauguration day, and leave for New-York in the afternoon. Mr. Cleveland is anxious to get at work, and proposes to waste no time after his salary stops.

PREMIER MILLS threatens to filibuster away the entire remainder of the Congressional session rather than permit the adoption of Randall's resolution fixing a day for the consideration of the Cowles tobacco bill. If this purpose is carried out several appropriation bills are likely to fail, thus forcing that alternative so much dreaded by all Democrats, an extra session. From 25 to 75 Democrats will stand by Randall and the Republicans in fighting for the passage of the bill, and a continuous session lasting three or four days and nights is anticipated.

THE state discovers that it has a very careless Comptroller. His deputy, Westbrook, testified on Saturday that Mr. Wemple allowed contractor Snaith to draw $15,000 from the treasury more than he was entitled to because he regarded Superintendent Andrews, who certified to the vouchers, as an honest man. If Mr. Wemple does all of the business of the state in this way he is a dangerous "watchdog of the treasury" to be on duty. Mr. Wemple is preparing to run for a second term. Voters will please remember how guileless, unsophisticated and confiding he is.

CONTRACTOR SNAITH exhibited his books to the Appropriations Committee on Saturday, though he had been advised by his counsel not to do so. So many recent changes had been made in the books that even Chairman Ainsworth was startled. There was one fresh charge of $54,000 just made which his book-keeper swore he dated November 8th because he found a blank space under that date. The committee was convinced that Snaith made from $85,000 to $95,000 and sub-contractor Sullivan about $20,000 from the job. The Public Building Trustees have not yet suspended Andrews, and ugly rumors are afloat about Albany concerning the diversion of a large portion of the steal to the Democratic campaign fund. The impression grows that Hill and Jones dare not suspend Andrews.

THE FREEMAN on Saturday good naturedly gave space to an article from the St. Louis *Stationer*, in which our readers were informed that the newspaper of the future was to be run without editors and without brains. Any young man will, it seems, be qualified to take a position on such a paper, even the ability to write good English being of not the slightest consequence. This may be the newspaper of the future, but that future is still remote. It will be a future in which preachers will take up their time in reading chapters from the Bible and selections from established creeds, lawyers confine their pleas to readings of the statutes and judicial decisions, and doctors administer patent medicines under the directions of the almanacs. Readers of the present generation of newspapers need take no alarm over the vaticinations of "Ricardo." The field for the newspaper without opinions may be broad and long, but its locality has not yet been discovered.

GEN. HARRISON'S pastor, Rev. Dr. Haines, referred to his distinguished member in his sermon yesterday for the first time since the nomination. He spoke of him as "one who has been identified with this Christian church for more than a quarter of a century as a member and officer," and assured him that he would carry with him "the unswerving confidence as well as the warm personal regard of his fellow Christians." He continued: "We have learned to believe in you, in your personal integrity, in your tested Christian character. We join in the anticipation that you will exhibit to the people of this nation that crowning glory of magistrates and sovereigns, a genuine, broad Christian manhood, pure in its purpose, catholic in its spirit, undeviating in its loyalty to duty and to God. In conclusion he said: "We are glad in the belief that the righteous hope inspired by your life among us will be justified in days to come. We rejoice in the confident expectation that the coming quadrennium will be marked by the priceless blessings from the Father of Mercies, conferred upon our beloved country, through your character and administration." Gen. Harrison was present with his wife and daughter, occupying the family pew. After the service there was a farewell handshaking with his church brethren. Gen. Harrison has been a member of the Presbyterian church at Indianapolis 34 years, which is the entire time that he has resided in that city.

GENERAL TELEGRAPH NEWS

HARRISON'S TRIP TO WASHINGTON.

Plans for His Entertainment: Gas Wells to be Lighted in Pennsylvania.

By Telegraph to The Freeman.

INDIANAPOLIS, Ind., Feb. 25.—Many buildings in the business portion of the City are gaily decorated, while from the top of nearly every building floats the stars and stripes in honor of the departure, this afternoon, of President-elect Harrison. Quite a number of country people have come in to witness the departure of the General.

AT HARRISON'S RESIDENCE.

At the Harrison residence this morning everything was hurry and bustle and running to and fro. Trunks and parcels had been leaving the house every half-hour since 9 o'clock, and by noon the family had about finished their packing and were ready for the momentous journey.

CONSTANT STREAM OF CALLERS.

General Harrison's time was pretty well occupied with receiving the constant stream of callers who came to say good-bye.

THE GENERAL COOL AND COLLECTED.

Although members of the family are more or less excited by the prospect of the trip, General Harrison is outwardly as cool and collected as though he were just going off on a five days' hunting expedition.

PRESENTED WITH A GRIP-SACK.

At 10 o'clock the General received T. S. Quincy, the President of the Commercial and Traveling Men's Republican Club, of Chicago, who called to present the elegant grip-sack donated by the club. The General received him in the front parlor. Mr. Quincy, after describing the present, and exhibiting it to the General, briefly addressed him, saying:

T. S. QUINCY'S SPEECH.

"General, the contents of the satchel being of pure silver, is emblematical of your purity of life, the clasp being triple-gold-plated indicates that you were tried by fire at Peach Tree Creek, second by the hot fire of Democratic opposition in the Senate of your country, and third, through a political campaign as the standard-bearer of the Republican party, and like gold, thrice tried by fire, came out of the public crucible more pure than when you entered the arena of public life. This satchel is not presented from any consideration of the history of your forefathers, but as a compliment to your individual worth. Take it with you wherever you go, it will ever lead you to the best in the land, and we venture to assure you, to the best accommodations the country affords. While the present trip is but for four years we have no doubt that should it become necessary to duplicate the order, the grip-sack will be in such condition that it will be fit to accompany you."

HARRISON'S RESPONSE.

General Harrison responded and thanked the Club for their support and their kind remembrance.

A UNIQUE SERENADE.

During the morning a venerable colored man of local celebrity, Peter W. H. Johnson, serenaded the General and his family with a unique and original musical instrument, playing several patriotic airs. He had for an audience Mrs. Harrison and the children, and a crowd outside. During the entire morning a crowd was congregated in the yard.

WESTERN PENNSYLVANIA SPECTACLE.

PITTSBURGH, Pa., Feb. 25.—A spectacle peculiar to Western Pennsylvania, and similar to one gotten up for Mrs. Cleveland, when she and her husband passed through this City two years ago, is being prepared for President-elect Harrison and his party, to-morrow morning. It has been arranged to have the train halted for a few moments at Jeannette, and have all the gas wells lighted in the entire neighborhood. The glass manufacturers of that City have arranged for the exhibition, and have received assurance that the party will stop there to-morrow morning.

ASSEMBLY CEILING INVESTIGATION.

What Report of the Committee, Expected To-Morrow, Will Say.

By Telegraph to The Freeman.

NEW-YORK, Feb. 25.—A report from the Assembly Ceiling Investigation Committee is expected to be made to-morrow. The report will say that the contract has not been fulfilled; that Superintendent Andrews was grossly derelict of duty in some respects, and that he usurped authority in other respects; that the Mooney bid was a straw one; that Hughes' was ineligible because it exceeded the amount of the appropriation; that Sweet's, Sullivan's and Snaith's were, so far as the evidence shows, regular; and that the profit on the job was out of all proportion to the work performed.

LEAVING THE KNIGHTS OF LABOR.

Action Taken by Dissatisfied Boot and Shoe Workers in the East.

By Telegraph to The Freeman.

BOSTON, Feb. 25.—The wide-spread dissatisfaction of the boot and shoe workers attached to the Knights of Labor through National Trade Assembly 216, at the treatment they have received at the hands of the general officers of the Knights of Labor has culminated in a powerful movement in the larger shoe towns to sever the connection of the trade with the Knights of Labor. At a special meeting, Saturday night, of the Local Assembly of boot and shoe workers of Dover, N. H., called to take action on the circular issued by the Boot and Shoe Workers' National Trade Assembly, No. 216, Knights of Labor, calling upon all shoemakers under their jurisdiction to vote on the advisability of leaving the Knights of Labor and forming an International Trade Union of the craft, it was voted to withdraw from the Knights of Labor and form a local union to be attached to the Boot and Shoe Workers' International Union. Sunday night a similar meeting was held by the boot and shoe makers at Haverhill, Mass., with the same result as at Dover.

Father Stephens on Trial.

By Cable to The Freeman.

DUBLIN, Feb. 25.—Father Stephens, who was arrested, yesterday, for advising tenants on the Olphert estate not to pay their rents, was arraigned to-day. He was remanded for trial, bail being refused.

AT THE NATION'S CAPITAL TO-DAY.

Dilatory Measures in the House of Representatives This Forenoon.

By Telegraph to The Freeman.

WASHINGTON, Feb. 25.—In the House, to-day, the last week of the Fiftieth Congress was ushered in by filibustering, set in motion by Mr. Bland, who raised the point of no quorum upon the approval of the journal. After a few minutes delay Mr. Bland withdrew his point of order to enable C. F. Booher, of Missouri, to qualify as the successor of the late James N. Burnes. Mr. Booher having qualified and the journal having been approved, Mr. Bland resumed his dilatory tactics and moved a recess for 30 minutes. The hour of 11 found the tellers still at their posts and then Mr. Bland, having accomplished his object in nullifying the order assigning one hour to the consideration of measures called up by unanimous consent, withdrew his motion and permitted the cog-wheels of legislation to revolve.

Mr. Hatch asked unanimous consent to non concur in the Senate amendments to the agricultural appropriation bill, but Mr. Sherman, of New-York, objected. Mr. Peel submitted the conference report on the bill authorizing the Leavenworth & Rio Grande Railroad Company to construct a road across Indian Territory.

Mr. Crisp, in the interest of the California contested election case, raised the question of consideration. Then again the machinery of the house became conjested. The House on a vote by tellers decided, 127 to 43, to consider the conference report.

Mr. O'Neal, of Pennslyvania, demanded the yeas and nays, but not being able to muster sufficient strength to support his demand resorted to filibustering methods and moved an adjournment. In these methods he was ably seconded by Mr. Bland, who interjected a motion that when the House adjourn to-day it be to meet on Wednesday next. After some time the motions were withdrawn and the conference report was agreed to.

Mr. Peel also made a conference report on the bill granting right of way through Indian Territory to the St. Louis & San Francisco Railroad Company. Agreed to.

The Senate amendments were non-concurred in to the agricultural appropriation bill.

Mr. Crisp called up the contested election case, and Mr. Sayers, of Texas, in the interest of the deficiency bill, raised the question of consideration. The yeas and nays being ordered, the mass of the Republicans refrained from voting, in order to break a quorum, but subsequently, when it was manifest that this object had not been accomplished, the Republicans recorded their votes in the negative. The House decided, 115 to 102, to consider the election case, but Mr. McKenna, of California, who had voted in the affirmative for this purpose, moved a reconsideration. Mr. Crisp moved to table that motion. This time the edict of "don't vote" went forth, and the Republicans withheld their votes. The vote resulted, yeas 124, nays none, no quorum, and a call of the House was ordered.

Bills passed: For lights at the western end of Coney Island, New-York, $25,000; for light-house and steam fog signal on the eastern end of the outer breakwater at Chicago; for a steam tender for the great lakes; for a light-house on Eleven Foot Shoal, off Point Peninsula, Lake Michigan; for sundry lights on Lakes Erie, Ontario and Michigan; for a light-house and fog bell on Oyster Bed Shoal; Hudson River, N. Y., [$35,000.]

The conference reports on the bills granting right of way through the Indian Territory to the St Louis & San Francisco Railroad Company and to the Leavenworth & Rio Grande Railroad Company were presented and agreed to.

The House amendment to the Senate bill granting a pension to Mrs. General Sheridan [reducing it from $3,500 to $2,500 and making it subject to the pension laws] was concurred in.

LARCENY IN THE FIRST DEGREE.

It is Probable Ives and Stayner will be Separately Indicted.

By Telegraph to The Freeman.

NEW-YORK, Feb. 25.—The Court of General Sessions where Henry S. Ives and George H. Stayner, the financiers, were to be arraigned, to-day, was unable to accommodate the throng of people assembled to hear the proceedings. The specific charges against the accused is that of larceny in the first degree, in selling 65 $1,000 bonds of the Cincinnati, Richmond & Chicago Railroad, a branch of the Cincinnati, Hamilton & Dayton Road, of which Ives was President. This is the only indictment against them, but other indictments are being sought for by the prosecution. It is probable they will be separately indicted for each of their crooked transactions. The penalty on conviction is five to 10 years' imprisonment. Edward W. Woodruff, the clerk for Ives and Stayner, who was made Treasurer of the Ohio Road by Ives and who was arrested in Newark last week for complicity in the crime, was also expected to plead with his former employers this morning, having surrendered himself to the New-York authorities last night.

Shortly after the Court opened word was received from the District Attorney's office that the case would be postponed until to-morrow. The reason for this action is supposed to be that Woodruff wants time to secure legal advice before pleading.

ORDER OF BUSINESS IN THE SENATE.

Action of the Caucus of Republican Senators Held this Morning.

By Telegraph to The Freeman.

WASHINGTON, Feb. 25.—A caucus of Republican Senators was held this morning, for the purpose of deciding upon the order of business in the Senate during the remainder of the session, and particularly what course should be adopted with regard to the Evarts election resolution. It was practically decided, in view of the evident purpose of the Democrats to delay final action upon the election resolution until the adjournment of Congress, to lay that matter aside temporarily from time to time, and allow other measures to be taken up. Under the arrangement the remaining appropriation bills and conference reports will be taken up as fast as possible.

SOME RECENT DISASTROUS FIRES.

Large Mill Destroyed by Incendiaries; Blaze in a New-York Tenement.

By Telegraph to The Freeman.

LEAVENWORTH, Kans., Feb. 25.—Kelly & Lysle's flour mill was burned with 2,000 barrels of flour early this morning. The mill was one of the largest in the Missouri Valley, having a capacity of 500 barrels a day. The loss will reach $100,000. The fire is supposed to have been of incendiary origin.

ST. LOUIS, Mo., Feb. 25.—Eight business houses in Black Jack, Texas, were burned Saturday night. Loss $50,000.

NEW-YORK, Feb. 25.—Fire broke out early this morning in the tenement house No. 129 Eldridge-street and came very near causing serious loss of life. The occupants succeeded in saving their lives by climbing out through the roof and jumping out of the windows in their night clothes. No fatal injuries were received but many were bruised. Jessie Hannan, 19 years old, jumped out of the second-story window and struck her head in falling. She will recover. While Fireman George Cusick was ascending the stairs they gave way. He fell to the first floor and received serious injuries, but will recover. It is supposed the fire was the work of an incendiary. People living in the house say the second and third floors were saturated with kerosene. The Fire Department will investigate.

CORBONDALE, Pa., Feb. 25.—Frank Craig's boarding-house at Monkey Run was burned last night. Patrick Sweeney, of Lehigh County, and a servant girl named Sarah Ford, of Beranton, perished. Other occupants narrowly escaped.

Killed Herself and Children.

By Telegraph to The Freeman.

CHICAGO, Feb. 25.—Mrs. Elizabeth McAuley and her two children were found dead in bed together this morning. In the woman's mouth was a rubber tube connected with the gas jet. The gas was turned on full head, indicating that Mrs. McAuley had deliberately planned to kill her children and herself. She shot and killed her husband on December 4, 1887, while in a fit of jealosy. No indictment was found against her. She had suffered from a mild form of insanity ever since.

Iowa City's Mayor Commits Suicide.

By Telegraph to The Freeman.

IOWA CITY, Ia., Feb. 25.—Mayor John C. N. Humes, who has been partially insane for over a year and has been under surveillance, committed suicide last night. His term of office would have expired in a few weeks. For some time the Mayor has acted queerly but only his intimate friends knew his mind was seriously affected.

THE STOCK AND MONEY MARKET

Financial Doings on Wall-Street To-Day—The Leading Closing Quotations.

By Telegraph to The Freeman.

NEW-YORK, Feb. 25.—The stock market, this morning, was dull for the great majority of the list, but there was marked activity in a few stocks which gave a moderate degree of animation to the dealings, with St. Paul the principal feature. First prices, as compared with Saturday's closing, were almost invariably lower, although the losses were generally small. St. Paul, however, was off ⅞ and Missouri Pacific 1 per cent. The subsequent transactions were almost devoid of feature, the general list fluctuating within the narrowest limits with no decided tendency in either direction, though there was a rather heavy tone during most of the hour. At 11 o'clock the market was quiet and steady.

A SAMPLE DEMOCRAT.

KINGSTON FREEMAN AND JOURNAL:

SIR—A sample copy of your paper fell into my hands the other day and I see by your editorial page you still consider "A lie well stuck to, to be better than the truth." The Democratic party is not nor never was a "Free Trade party." I will refer you to "Blaine's 20 Years in Congress," a Republican authority. You only say so to delude your readers. You are like all the rest of the Republican papers. You say the cause of the strikes &c., is the Democrats being in power. How about the panics of '73 and '81? These were under Republican rule. You know the cause of it is "trying to tax the people into prosperity." But it is needless to quote the truth to you for you hate it worse than the devil hates "holy water." You should obtain a copy of "The History of the Jews" and devote your time reading it, more especially the latter part of Revelation, which speaks of liars, Chapter 22, 15th verse, instead of penning those lying editorials.

A Democrat who believes as Cleveland does "It is better to be defeated battling for an honest princithan to succeed by a cowardly subterfuge."

February 23, 1889. GEO. R. DEAN.

The above was written in criticism of a recent article in the *Freeman*, in which the reductions in wages that have taken place since the election were ascribed to the continuance of a Democratic administration, the difficulties in the way of early tariff legislation, and the eagerness of foreign merchants to unload their surplus stock upon our shores while the tariff is still unchanged. We do not know who George R. Dean is, but suppose that he is somebody who lives in or near Goshen, as his letter bears the postmark of that place. But we regret that he did not spend more time in sustaining his assertions concerning his party than in calling by hard names those who happen to disagree with him on questions about which really honest men are known to differ. It does not weaken the truth of an accepted fact or principle to call the men who assert it liars. THE FREEMAN is undoubtedly better able to bear the assault of Mr. Dean than it would be if it stood alone. For with it stands the whole Republican party, and that party, as Mr. Dean himself must have discovered at the recent election, represents considerably more than half the voting force in the country.

If Mr. Dean were the first Democrat who had written to THE FREEMAN or of THE FREEMAN in this exceeding bad temper, we would throw his letter into the waste-basket. But this temper, ready to throw its possessor into a blind and unreasoning passion at every reflection upon the principles or conduct of the Democratic party, indicates so accurately and so generally the character of the party as to prove its unfitness to rule and the justice of the calamity that has overtaken it. It is a temper that our civilization makes impotent at the North, but in the South, where there is less restraint upon it, it vents itself in outrage and murder. Because Mr. Dean lives at the North he takes his pen to vent his malice towards the newspaper of another party, though he admits that it is "like the rest of the Republican papers." If he lived in Arkansas, Florida or Mississippi, he would not bother with the pen, but would take down his rifle and go a-gunning for the offender. And he is only one Democrat of millions. The whole party is fighting mad over its defeat. In the South it has started a new crusade of murder, while at the North it can only assail the exponents of Republican opinion as liars and those who believe them as fools.

We trust that a fair, just, broad and liberal Republican administration, soon to be inaugurated and established, will put these unhappy and distempered Democrats in a better frame of mind. For that, under God's providence, they were given the merciless thrashing that they had earned by four years of misgovernment and a campaign that was from first to last a menace of European free trade to the people of the United States.

STRANGE USE FOR A FLAG.

Thomas Schulz, a wealthy tin toy manufacturer of Brooklyn, went to New York with his wife last Friday. When they were ready to return home Mrs. Schulz, who had a ticket, stepped on board an elevated railroad train, leaving Mr. Schulz behind. He came, however, on the next one, and when he reached home he was so angry with his wife at being left in the lurch that a terrible quarrel ensued which was witnessed by the servants and in which the woman was knocked down and badly beaten. The couple retired to different rooms, and in the morning the husband heard a pistol shot. Going to the room occupied by his wife he found her dead on the floor with a bullet hole in her right temple. The suicide occurred after 7 o'clock, as the woman had prepared breakfast for her son at that hour. Schulz was placed under surveillance, but the doctors quickly decided that the woman came to her death by her own hand.

The history of the couple reveals that they had not lived happily. A year ago Schulz was made co-respondent in a suit for absolute divorce brought by a barber named Kustner against his wife, which suit was successful. This made a row in the Schulz family. About the same time Mrs. Schulz was made co-respondent in a suit for divorce brought by the wife of a hardware merchant named Schluechtner against her husband. Schluechtner fled from the city without making a defense, and the wife, who had been awarded $20 a week alimony, took possession of his store. When the news of Mrs. Schulz's death was brought to this woman yesterday morning, a most remarkable scene occurred. She danced for joy in her store, and then rushing into the street, began to jump about and shout in wild glee, uttering words of delight over the death of her supposed rival in her husband's affections. After going from house to house telling the (to her) joyful news, she returned to the store and hoisted the American flag over it, in honor of the event. This extraordinary exhibition of hatred incensed the neighbors, and they appealed to Capt. French of the police to order the flag to be taken down. The Captain, after considering the matter, decided that he could not compel the American flag to be hauled down, no matter for what cause it was raised. At last accounts the flag was still flying, and Mrs. Schluechtner was seated at the window watching it. She declares that it shall not be taken down till Mrs. Schulz is safe under ground. The Captain is undoubtedly right in his decision concerning the flag. His declaration that it shall float recalls Gen. Dix's famous order. But this maddened woman's conduct may require a statute defining the uses to which the flag shall be applied. It was desecrated by Mrs. Schluechtner, and the same thing occurs when it is carried in an Anarchist procession.

DOUBLE SHIRE TOWNS.

The Rome *Sentinel* wants Oneida county divided and Rome made the county seat of Stanwix. Oneida county is one of the biggest in the state, and the only one, we believe, which has two shire towns. It maintains two court houses and two jails, one of each in Rome and the other in Utica. That sort of nonsense probably can be ended with less fighting by dividing the county than otherwise.—*Buffalo Courier.*

As a division of the county would multiply the officeholders, probably the proposition meets with the favor of the politicians. Oneida county is large enough to divide, and we should think would feel proud of its generous dimensions and population. The *Courier* is mistaken in saying that Oneida county alone enjoys the distinction of two shire towns. Washington county has both Salem and Sandy Hill, and entertains no notion of splitting its territory.—*Troy Press.*

How little we editors know of the geography of our state. Not only Oneida and Washington, but Seneca, Orange, Oswego, Steuben and Allegany have double shires, as will be observed by the court record for the year 1889. Chautauqua has also two shire towns designated on the map, and St. Lawrence sometimes divides her courts between Ogdensburgh and Canton. Our large counties are finding it cheaper to maintain duplicate court houses than to pay the fares of jurors and witnesses to the principal city or village, which is not everywhere central in its location.

SELF-CONDEMNED.

Andrews's Testimony Summed up—A Self-Confessed Scoundrel,

[From the Buffalo Commercial Advertiser.]

The testimony of Superintendant Andrews yesterday before the Assembly Appropriations Committee was of an extraordinary character. It shows that he changed the plans and specifications in favor of the contractors in numerous instances, and that not one of the Special Ceiling Committee had interest enough in the work to discover it or to interpose an objection if discovered. The mystery is how even Andrews could have the assurance to modify the plans without consulation with the Committee, as he admits he did, unless he felt he had a sort of *carte blanche* to do as he saw fit.

He substituted papier mache for quartered oak in the panels without saying a word to the Committee appointed to supervise the work. He also on his own motion used papier mache instead of beaded oak in the spandrels, as called for by the specifications. He largely reduced the number of panels on his own responsibility and thus materially cut down the amount of iron required for the work. He would not swear either that wood was not used where the specifications called for iron, and he was at a loss to account for the fact that Snaith had drawn $14,000 more than he was entitled to except that it was in consequence of an oversight on his part. It is worthy of note that all of his slips and lapses and changes were in the interest of the contractors.

In view of this showing it is simply disgusting to hear it intimated that Mr. Andrews's bonds are of the material so largely used by "Bill" Tweed when he was looking after the public business—namely of straw.

This whole ceiling business is the most scandalous job that has disgraced the state for years.

PUBLIC OPINION.

The apple crop was a good one last fall, but during the winter it has turned out a miserable failure. The weather has been extremely bad for preserving the fruit, and growers and dealers who held on to their stock in the hope of an advance of prices have been heavy losers. One case is reported of a man in Maine to whom an offer of $1,000 for 700 barrels was made in the fall, but he preferred to wait, and recently thought himself lucky to get $300 for 300 barrels that remained on his hands. Just why the apple crop should have gone to the dogs so soon after the defeat of the Democratic party is one of the things that the student of curious coincidences may find it hard to explain.—*New York Tribune.*

The passage of the bill for the admission of the Dakotas, Montana and Washington into the Union of States by the Democratic House and the approval of the same by President Cleveland now that the Presidential contest is over and the Democrats are in the soup, looks very much like a death-bed repentance. The reasons entitling the territories named to admission now have existed throughout the greater part of Mr. Cleveland's administration. It was unquestionably their assured Republicanism that delayed their admission. Repentance is always to be desired, but that repentance which comes with the approach of dissolution is always looked upon with grave doubt.—*Buffalo News.*

So Contractor Snaith made $85,000 out of that ceiling job and Contractor Sullivan about $20,000. Pretty good profit that, and it shows the experts were about right after all. Now what will be done with the men who permit such a swindle? Will it be conceded that Messrs. Snaith and Sullivan got away with all of the swag, or did they have to divide, and if so with whom?—*Troy Budget.*

The advocates of the Saxton electoral reform bill in the New York General Assembly seem to be in doubt whether they shall emasculate it in the hope of inducing Governor Hill to sign it or stand by the principle and allow him to veto it. There can be little doubt that the latter will be the wiser course.—*Providence Journal, Dem.*

The country has begun to believe that the authorities of Arkansas do not intend to make any serious effort to capture the murderers of John M. Clayton.—*Providence Journal, Dem.*

SPECIAL BUSINESS NOTICES.

COMMON AIR.

The breath of life is conveyed to every part of the human lungs by means of a system of fine vessels called the bronchial tubes. When these are clogged up by an accumulation of mucous, so that breathing is very difficult, especially after any exertion, a person has the leading symptoms of Asthma or Phthisic. Besides this the tubes are often reduced to much less than their natural diameter by spasmodic contraction; often nearly suffocating the sufferer. Whether the case is of long standing or not. Dr. David Kennedy's Cherry Balsam is the most efficacious known remedy. It at once loosens the mucous matter, and causes it to be ejected by a free and easy expectoration. The Balsam in such cases should be taken in larger doses than for a common Cough, and no harm is done if some vomiting results. Take particular notice that if the disease is complicated with a dyspeptic state of the stomach Kennedy's Favorite Remedy must be used to correct the digestion. The case must be very severe that will not rapidly improve under this treatment.

"ROOM AT THE TOP."

"There's plenty of room at the top," as the champagne remarked when it flew to the dude's head. This is pre-eminently true of Dr. Tutt's Liver Pills. A remedy, to be effectual and permanent, must be composed of tonic, alterative, corrective, and cathartic properties. Until the discovery of these pills such elements, so combined, were unknown. They are at the top, and have been there 25 years.

"Man wants but little here below." This is particularly true of medicine, and he really needs a very small amount provided it be of the right kind. Dr. Pierce's Pellets fill the bill in respect of size, and are stupendous in point of effectiveness. If you desire immediate relief from headace, "liver complaint," indigestion and constipation, they will not fail you.

The great majority of so-called cough cures do little more than impair the digestive functions and create bile. Ayer's Cherry Pectoral, on the contrary, while it cures the cough, does not interfere with the functions of either stomach or liver

A SAMPLE DEMOCRAT.

KINGSTON FREEMAN AND JOURNAL:

SIR—A sample copy of your paper fell into my hands the other day and I see by your editorial page you still consider "A lie well stuck to, to be better than the truth." The Democratic party is not nor never was a "Free Trade party." I will refer you to "Blaine's 20 Years in Congress," a Republican authority. You only say so to delude your readers. You are like all the rest of the Republican papers. You say the cause of the strikes &c., is the Democrats being in power. How about the panics of '73 and '81? These were under Republican rule. You know the cause of it is "trying to tax the people into prosperity." But it is needless to quote the truth to you for you hate it worse than the devil hates "holy water." You should obtain a copy of "The History of the Jews" and devote your time reading it, more especially the latter part of Revelation, which speaks of liars, Chapter 22, 15th verse, instead of penning those lying editorials.

A Democrat who believes as Cleveland does "It is better to be defeated battling for an honest principle than to succeed by a cowardly subterfuge."

February 23, 1889. GEO. R. DEAN.

The above was written in criticism of a recent article in the *Freeman*, in which the reductions in wages that have taken place since the election were ascribed to the continuance of a Democratic administration, the difficulties in the way of early tariff legislation, and the eagerness of foreign merchants to unload their surplus stock upon our shores while the tariff is still unchanged. We do not know who George R. Dean is, but suppose that he is somebody who lives in or near Goshen, as his letter bears the postmark of that place. But we regret that he did not spend more time in sustaining his assertions concerning his party than in calling by hard names those who happen to disagree with him on questions about which really honest men are known to differ. It does not weaken the truth of an accepted fact or principle to call the men who assert it liars. THE FREEMAN is undoubtedly better able to bear the assault of Mr. Dean than it would be if it stood alone. For with it stands the whole Republican party, and that party, as Mr. Dean himself must have discovered at the recent election, represents considerably more than half the voting force in the country.

If Mr. Dean were the first Democrat who had written to THE FREEMAN or of THE FREEMAN in this exceeding bad temper, we would throw his letter into the waste-basket. But this temper, ready to throw its possessor into a blind and unreasoning passion at every reflection upon the principles or conduct of the Democratic party, indicates so accurately and so generally the character of the party as to prove its unfitness to rule and the justice of the calamity that has overtaken it. It is a temper that our civilization makes impotent at the North, but in the South, where there is less restraint upon it, it vents itself in outrage and murder. Because Mr. Dean lives at the North he takes his pen to vent his malice towards the newspaper of another party, though he admits that it is "like the rest of the Republican papers." If he lived in Arkansas, Florida or Mississippi, he would not bother with the pen, but would take down his rifle and go a-gunning for the offender. And he is only one Democrat of millions. The whole party is fighting mad over its defeat. In the South it has started a new crusade of murder, while at the North it can only assail the exponents of Republican opinion as liars and those who believe them as fools.

We trust that a fair, just, broad and liberal Republican administration, soon to be inaugurated and established, will put these unhappy and distempered Democrats in a better frame of mind. For that, under God's providence, they were given the merciless thrashing that they had earned by four years of misgovernment and a campaign that was from first to last a menace of European free trade to the people of the United States.

STRANGE USE FOR A FLAG.

Thomas Schulz, a wealthy tin toy manufacturer of Brooklyn, went to New York with his wife last Friday. When they were ready to return home Mrs. Schulz, who had a ticket, stepped on board an elevated railroad train, leaving Mr. Schulz behind. He came, however, on the next one, and when he reached home he was so angry with his wife at being left in the lurch that a terrible quarrel ensued which was witnessed by the servants and in which the woman was knocked down and badly beaten. The couple retired to different rooms, and in the morning the husband heard a pistol shot. Going to the room occupied by his wife he found her dead on the floor with a bullet hole in her right temple. The suicide occurred after 7 o'clock, as the woman had prepared breakfast for her son at that hour. Schulz was placed under surveillance, but the doctors quickly decided that the woman came to her death by her own hand.

The history of the couple reveals that they had not lived happily. A year ago Schulz was made co-respondent in a suit for absolute divorce brought by a barber named Kustner against his wife, which suit was successful. This made a row in the Schulz family. About the same time Mrs. Schulz was made co-respondent in a suit for divorce brought by the wife of a hardware merchant named Schluechtner against her husband. Schluechtner fled from the city without making a defense, and the wife, who had been awarded $20 a week alimony, took possession of his store. When the news of Mrs. Schulz's death was brought to this woman yesterday morning, a most remarkable scene occurred. She danced for joy in her store, and then rushing into the street, began to jump about and shout in wild glee, uttering words of delight over the death of her supposed rival in her husband's affections. After going from house to house telling the (to her) joyful news, she returned to the store and hoisted the American flag over it, in honor of the event. This extraordinary exhibition of hatred incensed the neighbors, and they appealed to Capt. French of the police to order the flag to be taken down. The Captain, after considering the matter, decided that he could not compel the American flag to be hauled down, no matter for what cause it was raised. At last accounts the flag was still flying, and Mrs. Schluechtner was seated at the window watching it. She declares that it shall not be taken down till Mrs. Schulz is safe under ground. The Captain is undoubtedly right in his decision concerning the flag. His declaration that it shall float recalls Gen. Dix's famous order. But this maddened woman's conduct may require a statute defining the uses to which the flag shall be applied. It was desecrated by Mrs. Schluechtner, and the same thing occurs when it is carried in an Anarchist procession.

DOUBLE SHIRE TOWNS.

The Rome *Sentinel* wants Oneida county divided and Rome made the county seat of Stanwix. Oneida county is one of the biggest in the state, and the only one, we believe, which has two shire towns. It maintains two court houses and two jails, one of each in Rome and the other in Utica. That sort of nonsense probably can be ended with less fighting by dividing the county than otherwise.—*Buffalo Courier.*

As a division of the county would multiply the officeholders, probably the proposition meets with the favor of the politicians. Oneida county is large enough to divide, and we should think would feel proud of its generous dimensions and population. The *Courier* is mistaken in saying that Oneida county alone enjoys the distinction of two shire towns. Washington county has both Salem and Sandy Hill, and entertains no notion of splitting its territory.—*Troy Press.*

How little we editors know of the geography of our state. Not only Oneida and Washington, but Seneca, Orange, Oswego, Steuben and Allegany have double shires, as will be observed by the court record for the year 1889. Chautauqua has also two shire towns designated on the map, and St. Lawrence sometimes divides her courts between Ogdensburgh and Canton. Our large counties are finding it cheaper to maintain duplicate court houses than to pay the fares of jurors and witnesses to the principal city or village, which is not everywhere central in its location.

SELF-CONDEMNED.

Andrews's Testimony Summed up—A Self-Confessed Scoundrel.

[From the Buffalo Commercial Advertiser.]

The testimony of Superintendant Andrews yesterday before the Assembly Appropriations Committee was of an extraordinary character. It shows that he changed the plans and specifications in favor of the contractors in numerous instances, and that not one of the Special Ceiling Committee had interest enough in the work to discover it or to interpose an objection if discovered. The mystery is how even Andrews could have the assurance to modify the plans without consulation with the Committee, as he admits he did, unless he felt he had a sort of *carte blanche* to do as he saw fit.

He substituted papier mache for quartered oak in the panels without saying a word to the Committee appointed to supervise the work. He also on his own motion used papier mache instead of beaded oak in the spandrels, as called for by the specifications. He largely reduced the number of panels on his own responsibility and thus materially cut down the amount of iron required for the work. He would not swear either that wood was not used where the specifications called for iron, and he was at a loss to account for the fact that Snaith had drawn $14,000 more than he was entitled to except that it was in consequence of an oversight on his part. It is worthy of note that all of his slips and lapses and changes were in the interest of the contractors.

In view of this showing it is simply disgusting to hear it intimated that Mr. Andrews's bonds are of the material so largely used by "Bill" Tweed when he was looking after the public business—namely of straw.

This whole ceiling business is the most scandalous job that has disgraced the state for years.

PUBLIC OPINION.

The apple crop was a good one last fall, but during the winter it has turned out a miserable failure. The weather has been extremely bad for preserving the fruit, and growers and dealers who held on to their stock in the hope of an advance of prices have been heavy losers. One case is reported of a man in Maine to whom an offer of $1,000 for 700 barrels was made in the fall, but he preferred to wait, and recently thought himself lucky to get $300 for 300 barrels that remained on his hands. Just why the apple crop should have gone to the dogs so soon after the defeat of the Democratic party is one of the things that the student of curious coincidences may find it hard to explain.—*New York Tribune.*

The passage of the bill for the admission of the Dakotas, Montana and Washington into the Union of States by the Democratic House and the approval of the same by President Cleveland now that the Presidential contest is over and the Democrats are in the soup, looks very much like a death-bed repentance. The reasons entitling the territories named to admission now have existed throughout the greater part of Mr. Cleveland's administration. It was unquestionably their assured Republicanism that delayed their admission. Repentance is always to be desired, but that repentance which comes with the approach of dissolution is always looked upon with grave doubt.—*Buffalo News.*

So Contractor Snaith made $85,000 out of that ceiling job and Contractor Sullivan about $20,000. Pretty good profit that, and it shows the experts were about right after all. Now what will be done with the men who permit such a swindle? Will it be conceded that Messrs. Snaith and Sullivan got away with all of the swag, or did they have to divide, and if so with whom?—*Troy Budget.*

The advocates of the Saxton electoral reform bill in the New York General Assembly seem to be in doubt whether they shall emasculate it in the hope of inducing Governor Hill to sign it or stand by the principle and allow him to veto it. There can be little doubt that the latter will be the wiser course.—*Providence Journal, Dem.*

The country has begun to believe that the authorities of Arkansas do not intend to make any serious effort to capture the murderers of John M. Clayton.—*Providence Journal, Dem.*

SPECIAL BUSINESS NOTICES.

COMMON AIR.

The breath of life is conveyed to every part of the human lungs by means of a system of fine vessels called the bronchial tubes. When these are clogged up by an accumulation of mucous, so that breathing is very difficult, especially after any exertion, a person has the leading symptoms of Asthma or Phthisic. Besides this the tubes are often reduced to much less than their natural diameter by spasmodic contraction; often nearly suffocating the sufferer. Whether the case is of long standing or not, Dr. David Kennedy's Cherry Balsam is the most efficacious known remedy. It at once loosens the mucous matter, and causes it to be ejected by a free and easy expectoration. The Balsam in such cases should be taken in larger doses than for a common Cough, and no harm is done if some vomiting results. Take particular notice that if the disease is complicated with a dyspeptic state of the stomach Kennedy's Favorite Remedy must be used to correct the digestion. The case must be very severe that will not rapidly improve under this treatment.

We recommend Electric Bitters for Dyspepsia and all diseases of Liver, Stomach and Kidneys. Sold at 50 cents and $1 per bottle by VanDeusen Brothers, Rondout, and F. J. R. Clarke's Drug Stares.

"ROOM AT THE TOP."

"There's plenty of room at the top," as the champagne remarked when it flew to the dude's head. This is pre-eminently true of Dr. Tutt's Liver Pills. A remedy, to be effectual and permanent, must be composed of tonic, alterative, corrective, and cathartic properties. Until the discovery of these pills such elements, so combined, were unknown. They are at the top, and have been there 25 years.

PIMPLES ON THE

Face cured. Sulphur Bitters will cure the worst case of skin disease; from a common pimple on the face to that awful disease scrofula, it is the best medicine to use in all cases of such stubborn and deep-seated disease. Do not delay; use Sulphur Bitters and drive the humor from your blood.

"Man wants but little here below." This is particularly true of medicine, and he really needs a very small amount provided it be of the right kind. Dr. Pierce's Pellets fill the bill in respect of size, and are stupendous in point of effectiveness. If you desire immediate relief from headace, "liver complaint," indigestion and constipation, they will not fail you.

ARE YOU MADE miserable by Indigestion, Constipation, Dizziness, Loss of Appetite, Yellow Skin Shiloh's Vitalizer is a positive cure. Sold by Frederick J. R. Clark.

The great majority of so-called cough cures do little more than impair the digestive functions and create bile. Ayer's Cherry Pectoral, on the contrary, while it cures the cough, does not interfere with the functions of either stomach or liver

Do not experiment with cold weather pains and soreness. Hop Plasters are infallible and safe.

★ BRIGHT'S DISEASE. ★

A Ten-Year-Old Child Saved After the Failure of Four Physicians.

My little girl, ten years of age, was taken sick in March, 1888, with scarlet fever. When recovering she took a severe cold, which developed Bright's Disease of the Kidneys. Her ankles, feet and eyes were terribly swollen, she had a burning fever, and all the symptoms of an aggravated case of Bright's Disease. Four of our best physicians attended her, but without success, and

Her Life was Despaired of.

But a mother's love and prayers surmount all difficulties, and I determined to try Dr. David Kennedy's Favorite Remedy, made at Rondout, N. Y. This was a last resort, and I hoped, although my little daughter's case was a very severe one, that the Favorite Remedy would do for her what it had done for others whose condition had not been, seemingly, as hopeless. How happy I am that I determined upon this course—for an improvement was at once perceptible. The fever left her—her appetite improved—she gained six pounds in a short time, and one by one the well known and dreaded symptoms of the disease left her. Words fail to express my gratitude and I cannot too earnestly recommend the Favorite Remedy. It was

A MARVELOUS RECOVERY

and is due entirely to the Favorite Remedy, which was the only medicine taken after her case was abandoned by the physicians.

Mrs. Laura A. Kempton, West Rutland, Vermont.

The diseases that follow Scarlet Fever, Measles, Diphtheria and various other complaints often leave behind them sequellas of the most obstinate and dangerous character. To expel all traces of such disorders, tone up the various organs, and fill the veins with pure and nutritious blood, use

FABRICATION OF INIQUITY.

TRIBUTE TO THE CHARACTER OF PARNELL BY "LONDON DAILY NEWS."

News of the World in Brief—Drummers' Gift to General Harrison—Laborers Riot—Have Not Left Agency—Other Telegraph News.

By Cable to The Freeman.

LONDON, Feb. 25.—Referring to the developments before the Parnell Commission and to Mr. Gladstone's remark that a vast fabrication of iniquity was about to be exploded, the *Daily News* says: "Profound respect for the judges prevents our dotting Mr. Gladstone's I's and crossing his t's." Regarding Mr. Parnell the *News* says: "If he clears his character Englishmen will remember the patient dignity, gentle forbearance and unflinching courage with which the greatest living Irishman has borne himself under a storm of caulmny which would have broken many a brave spirit. He will forever rank among the most devoted, sagacious, loyal and unselfish statesmen that ever steered a country through storm and peril to honor and safety. Nor will the names of Walsh and Eagan go without their due need of praise."

The New-York real estate market, with its slaes at auction and private contract amounting to $4,750,000 during a broken week, is considered without precedent for this season of the year.

A Committee of the Legislature of New-Mexico is investigating alleged excessive expenses of the district courts, and a clerk and a stenographer who refused to answer questions are under arrest for contempt.

WESTERN PEOPLE BURNED TO DEATH.

Mischievous Boy Held a Cat Against a Stove—Suffered from Cold.

By Telegraph to The Freeman

HELENA, Mont., Feb. 25.—Two children named Callihan, at Belmont, were burned to death, yesterday, and a third will probably not survive. The mother had gone out to secure supplies, when the eldest boy held the cat against the stove and its hair took fire. It ran under a sofa, the building was ignited and two of the children perished.

BURLINGTON, Ia., Feb. 25.—At Winfield yesterday forenoon the dwelling of Thomas Innis was destroyed and his mother-in-law, Mrs. Torbitt, aged 60, and Innis' 11-year-old daughter were burned to death. Mr. and Mrs. Innis and six other children escaped in their night clothes and were compelled to walk some distance to a neighbor's house. Innis was burned and the whole family suffered terribly from the cold.

ADMISSION OF FOUR NEW STATES

Into the American Union Commented Upon by the "London Times."

By Cable to The Freeman.

LONDON, Feb. 25.—The *Times*, commenting upon the addition of four states to the Union, says: "The Union has passed the ordeal too many times for the latest increase to cause top-heaviness, but it is as impossible for a community like America not to be transformed by the plunging into it of realm after realm as for the infusion of a potent ingredient not to affect a chemical combination. The Americans themselves imperfectly comprehend the actual amount of metamorphosis. Still less can they predict the eventual modifications to which it points."

DRUNKEN RAILROAD LABORERS RIOT.

A complete set of sterling embossed silver toilet articles accompanies the valise, 14 pieces in all. The present cost about $300. On the inside in gold letters is a suitable inscription.

THE FRENCH CABINET'S DECLARATION

Boulanger Likens it Unto the Last Meaningless Words of a Dying Man.

By Cable to The Freeman.

PARIS, Feb. 25.—The newspapers, with the exception of the Radical organs, give a cordial reception to the Cabinet's declaration.

General Boulanger likens the ministerial declaration to the last meaningless words of a dying man. He ridicules the idea of exceptional measures against him, because he says everything he does is legal and open. The selection of Spuller, he declares, made the Ministry more than ever to his liking.

Indians Have Not Left Agency.

By Telegraph to The Freeman.

STANDING ROCK AGENCY, Dak., Feb. 25.—The reports that a large band of Sioux had left this Agency with their war paint on *en route* to the big Missouri River, has no foundation. Agent McLaughlin says not a single Indian under his charge has left, nor would the reds be likely to wander far from the Agency so long as the cold weather continues. Sitting Bull was at the Agency yesterday and said he had no cause for complaint.

A SCRAP OF PAPER SAVES HER LIFE.

It was just an ordinary scrap of wrapping paper, but it saved her life. She was in the last stages of consumption, told by physicians that she was incurable and could live only a short time; she weighed less than 70 pounds. On a piece of wrapping paper she read of Dr. King's New Discovery, and got a sample bottle; it helped her, she bought a large bottle, it helped her, more, bought another and grew better fast, continued its use and is now strong, healthy, rosy, plump, weighing 140 pounds. A SAD WOMAN.

The Secret Cause of Most Ladies' Troubles Explained and Some Sensible Advice Given.

It is safe to say that not one woman in ten thousand lives a single week in which she does not either cry or feel like crying. The cares of life, disappointments, and, more than all else, weaknesses and pains make all women more or less miserable. This is all wrong. Women were made for happiness, not for misery. When a woman is weak she requires strength. Her body, her mind and all her faculties and functions must be put in a healthy condition, or she cannot secure strength. Nature is always ready to do this, but nature almost always requires assistance, and the question therefore is, "How can we best assist nature?"

The finest physicians in the medical profession have agreed that nothing so surely and easily does this as pure whiskey taken in moderation, either before meals or between meals. The effect is to gently and heathily stimulate all the faculties to vigorous action, and thus nature is assisted and strength given. There are hundreds of thousands of ladies in America, to-day, who are growing stronger, healthier and more attractive in appearance by the judicious use of Duffy's Pure Malt Whiskey. Many of these ladies are the wives of ministers and professors, and hundreds of them are temperance women. They realize that Duffy's Pure Malt Whiskey is a medicine, not a drink, and that it furnishes the best and only positive help to weakened bodies that has ever been discovered. Great care should be exercised, however, to secure only the genuine, which is absolutely pure, for there are many so-called whiskies in the market that are a positive injury to anyone who uses them. We venture to assert, however, that not one woman in five hundred who will carefully use this great aid to health in moderation will continue to suffer from weaknesses, but, on the contary, will find a renewal not only of youthful vigor, but of color, brightness, and all those qualities which indicate the presence of perfect health.

FOR WOMEN.

Are you wasting slowly but surely away from the effects of female weaknesses? Are you wan, pale, and nervous? Do you not sometimes feel that life is losing its attractions, and that you are gradually sinking into a decline which, if not taken in hand promptly, will end in an early death? Yes, you have felt all these things, and doubtless know that tens of thousands of once rosy-cheeked, plump, healthy girls and women go into their graves every year solely because these weaknesses were allowed to sap up the well springs of life till nature could no longer stand the strain. There is not a sensible maid, wife or mother who will not appreciate as more valuable than gold and precious stones Dr Fontaine's new remedy PALMETTO, which is safe, sure, and speedy in curing the worst case of female weakness.

Mailed secure from observation on receipt of $1.00 I also have a full line of elegant Toilet Goods, including Face Cream and Jellies, Wrinkle Paste Fattening Formula, Auburnine, Depilatory, Acnine, Freckle Lotion, etc. Development of a beautiful form a specialty. Sealed circulars, 4 cents.

★ BRIGHT'S DISEASE. ★

A Ten-Year-Old Child Saved After the Failure of Four Physicians.

My little girl, ten years of age, was taken sick in March, 1888, with scarlet fever. When recovering she took a severe cold, which developed Bright's Disease of the Kidneys. Her ankles, feet and [illegible] were terribly swollen, she had a burning [illegible] and eyes all the symptoms of an aggravated [illegible] fever, and [illegible] case of Bright's Disease. Four of our best physicians attended her, but without success, and

Her Life was Despaired of.

But a mother's love and prayers surmount all difficulties, and I determined to try Dr. David Kennedy's Favorite Remedy, made at Rondout, N. Y. This was a last resort, and I hoped, although my little daughter's case was a very severe one, that the Favorite Remedy would do for her what it had done for others whose condition had not been, seemingly, as hopeless. How happy I am that I determined upon this course—for an improvement was at once perceptible. The fever left her—her appetite improved—she gained six pounds in a short time, and one by one the well known and dreaded symptoms of the disease left her. Words fail to express my gratitude and I cannot too earnestly recommend the Favorite Remedy. It was

A MARVELOUS RECOVERY

and is due entirely to the Favorite Remedy, which was the only medicine taken after her case was abandoned by the physicians.

Mrs. Laura A. Kempton, West Rutland, Vermont.

The diseases that follow Scarlet Fever, Measles, Diphtheria and various other complaints often leave behind them sequellas of the most obstinate and dangerous character. To expel all traces of such disorders, tone up the various organs, and fill the veins with pure and nutritious blood, use

FABRICATION OF INIQUITY.

TRIBUTE TO THE CHARACTER OF PARNELL BY "LONDON DAILY NEWS."

News of the World in Brief—Drummers' Gift to General Harrison—Laborers Riot—Have Not Left Agency—Other Telegraph News.

By Cable to The Freeman.

LONDON, Feb. 25.—Referring to the developments before the Parnell Commission and to Mr. Gladstone's remark that a vast fabrication of iniquity was about to be exploded, the *Daily News* says: "Profound respect for the judges prevents our dotting Mr. Gladstone's I's and crossing his t's." Regarding Mr. Parnell the *News* says: "If he clears his character Englishmen will remember the patient dignity, gentle forbearance and unflinching courage with which the greatest living Irishman has borne himself under a storm of caulmny which would have broken many a brave spirit. He will forever rank among the most devoted, sagacious, loyal and unselfish statesmen that ever steered a country through storm and peril to honor and safety. Nor will the names of Walsh and Eagan go without their due need of praise."

THE NEWS OF THE WORLD IN BRIEF.

The New-York real estate market, with its slaes at auction and private contract amounting to $4,750,000 during a broken week, is considered without precedent for this season of the year.

A Committee of the Legislature of New-Mexico is investigating alleged excessive expenses of the district courts, and a clerk and a stenographer who refused to answer questions are under arrest for contempt.

Thomas McSherry, a "tough," who was fatally assaulted on Friday night, died at the Roosevelt Hospital, New-York City, yesterday. The police are looking for Martin Hart, one of his associates.

A committee of the Liederkranz Society, New-York City, have decided that they have enough evidence of police misconduct and blackmail on the occasion of their ball to demand that Mayor Grant open an investigation.

Father McGlynn, in talking to the Anti-Povertyites on the public schools and their enemies, yesterday, said the Catholic Church was the enemy of education, and so were those who forced the hearing of the reading of the Bible on Hebrew children.

WESTERN PEOPLE BURNED TO DEATH.

Mischievous Boy Held a Cat Against a Stove—Suffered from Cold.

By Telegraph to The Freeman

HELENA, Mont., Feb. 25.—Two children named Callihan, at Belmont, were burned to death, yesterday, and a third will probably not survive. The mother had gone out to secure supplies, when the eldest boy held the cat against the stove and its hair took fire. It ran under a sofa, the building was ignited and two of the children perished.

BURLINGTON, Ia., Feb. 25.—At Winfield yesterday forenoon the dwelling of Thomas Innis was destroyed and his mother-in-law, Mrs. Torbitt, aged 60, and Innis' 11-year-old daughter were burned to death. Mr. and Mrs. Innis and six other children escaped in their night clothes and were compelled to walk some distance to a neighbor's house. Innis was burned and the whole family suffered terribly from the cold.

ADMISSION OF FOUR NEW STATES

Into the American Union Commented Upon by the "London Times."

By Cable to The Freeman.

LONDON, Feb. 25.—The *Times*, commenting upon the addition of four states to the Union, says: "The Union has passed the ordeal too many times for the latest increase to cause top-heaviness, but it is as impossible for a community like America not to be transformed by the plunging into it of realm after realm as for the infusion of a potent ingredient not to affect a chemical combination. The Americans themselves imperfectly comprehend the actual amount of metamorphosis. Still less can they predict the eventual modifications to which it points."

DRUNKEN RAILROAD LABORERS RIOT.

Five Men Pounded Almost Out of Recognition; One Died of Injuries.

By Telegraph to The Freeman.

KENT, O., Jan. 35.—A serious riot occurred early Sunday morning between a lot of drunken laborers employed at grading the new connection between the Pittsburg & Western and the Cleveland & Canton railroads in which five men were pounded almost out of recognition. Benjamin VanSchack was so seriously injured that he died last night. Thirty or 40 men participated in the row. Several shots were fired and considerable slashing with knives was done.

By Telegraph to The Freeman.

INDIANAPOLIS, Feb. 25.—A Committee of the Traveling Men's Republican Club, of Chicago, arrived here yesterday bringing an elegant travelling valise, the club's gift to General Harrison. It is probably the finest valise ever made. The material is sealskin. The exterior trimmings are triple-gold plate. A complete set of sterling embossed silver toilet articles accompanies the valise, 14 pieces in all. The present cost about $300. On the inside in gold letters is a suitable inscription.

THE FRENCH CABINET'S DECLARATION

Boulanger Likens it Unto the Last Meaningless Words of a Dying Man.

By Cable to The Freeman.

PARIS, Feb. 25.—The newspapers, with the exception of the Radical organs, give a cordial reception to the Cabinet's declaration. General Boulanger likens the ministerial declaration to the last meaningless words of a dying man. He ridicules the idea of exceptional measures against him, because he says everything he does is legal and open. The selection of Spuller, he declares, made the Ministry more than ever to his liking.

Indians Have Not Left Agency.

By Telegraph to The Freeman.

STANDING ROCK AGENCY, Dak., Feb. 25.—The reports that a large band of Sioux had left this Agency with their war paint on *en route* to the big Missouri River, has no foundation. Agent McLaughlin says not a single Indian under his charge has left, nor would the reds be likely to wander far from the Agency so long as the cold weather continues. Sitting Bull was at the Agency yesterday and said he had no cause for complaint.

I procured a bottle, and since the first day's use have had no more bleeding—the soreness is entirely gone.—D. G. Davidson, with the Boston Budget, formerly with Boston Journal.

A SCRAP OF PAPER SAVES HER LIFE.

It was just an ordinary scrap of wrapping paper, but it saved her life. She was in the last stages of consumption, told by physicians that she was incurable and could live only a short time; she weighed less than 70 pounds. On a piece of wrapping paper she read of Dr. King's New Discovery, and got a sample bottle; it helped her, she bought a large bottle, it helped her, more, bought another and grew better fast, continued its use and is now strong, healthy, rosy, plump, weighing 140 pounds. For fuller particulars send stamp to W. H. Cole, Druggist, Fort Smith. Trial bottles of this wonderful Discovery Free at VanDeusen's, Rondout, and F. J. R. Clarke's, Kington, drug store.

A SAD WOMAN.

The Secret Cause of Most Ladies' Troubles Explained and Some Sensible Advice Given.

It is safe to say that not one woman in ten thou and lives a single week in which she does not either cry or feel like crying. The cares of life, disappointments, and, more than all else, weaknesses and pains make all women more or less miserable. This is all wrong. Women were made for happiness, not for misery. When a woman is weak she requires strength. Her body, her mind and all her faculties and functions must be put in a healthy condition, or she cannot secure strength. Nature is always ready to do this, but nature almost always requires assistance, and the question therefore is, "How can we best assist nature?"

The finest physicians in the medical profession have agreed that nothing so surely and easily does this as pure whiskey taken in moderation, either before meals or between meals. The effect is to gently and heathily stimulate all the faculties to vigorous action, and thus nature is assisted and strength given. There are hundreds of thousands of ladies in America, to-day, who are growing stronger, healthier and more attractive in appearance by the judicious use of Duffy's Pure Malt Whiskey. Many of these ladies are the wives of ministers and professors, and hundreds of them are temperance women. They realize that Duffy's Pure Malt Whiskey is a medicine, not a drink, and that it furnishes the best and only positive help to weakened bodies that has ever been discovered. Great care should be exercised, however, to secure only the genuine, which is absolutely pure, for there are many so-called whiskies in the market that are a positive injury to anyone who uses them. We venture to assert, however, that not one woman in five hundred who will carefully use this great aid to health in moderation will continue to suffer from weaknesses, but, on the contary, will find a renewal not only of youthful vigor, but of color, brightness, and all those qualities which indicate the presence of perfect health.

FOR WOMEN.

Are you wasting slowly but surely away from the effects of female weaknesses? Are you wan, pale, and nervous? Do you not sometimes feel that life is losing its attractions, and that you are gradually sinking into a decline which, if not taken in hand promptly, will end in an early death? Yes, you have felt all these things, and doubtless know that tens of thousands of once rosy-cheeked, plump, healthy girls and women go into their graves every year solely because these weaknesses were allowed to sap up the well springs of life till nature could no longer stand the strain. There is not a sensible maid, wife or mother who will not appreciate as more valuable than gold and precious stones Dr Fontaine's new remedy PALMETTO, which is safe, sure, and speedy in curing the worst case of female weakness.

Mailed secure from observation on receipt of $1.00 I also have a full line of elegant Toilet Goods, including Face Cream and Jellies, Wrinkle Paste Fattening Formula, Auburnine, Depilatory, Acnine, Freckle Lotion, etc. Development of a beautiful form a specialty. Sealed circulars, 4 cents.

NOTES ABOUT ICE AND "ICE MEN."

What is Being Done 'Long Shore and Up the Rondout Creek.

Reid & Powell are stacking ice on their dock at Coxsackie.

Work was begun at the Knickerbocker Ice Company's house at Slate Dock, Rhinecliff, this morning.

The work of filling the ice house of the Cornell Steamboat Company, in Rondout, was completed to-day.

It is expected that the work of filling the Brewers' Ice Company's house at Eddyville will have been finished before to-morrow noon.

The Knickerbocker Company has filled four barges at Dutchess Junction with ice from Lake Billings. The ice is from 11 to 15 inches thick.

A dispatch from Albany says: There no longer remains any doubt that the ice harvest here will be successful. Most of the local dealers expect to get in all they want this week.

The work of filling several barges with ice by the Brewers' Ice Company, at South-Rondout, which was begun on Saturday, has been abandoned until the ice at that point increases in thickness.

A good quality of ice, taken from the John Hutchins Pond, Esopus, is being stored in one of the Knickerbocker Company's houses there. The pond is located nearly half a mile from the house, and is conveyed from the pond to the house on slides.

A dispatch from Troy to THE FREEMAN to-day stated: The recent cold wave has increased the thickness of the ice in this vicinity to 12 inches, and ice dealers who have already filled their houses are making preparations for stacking. A Port Schuyler firm this morning began work on a new stack house 366 by 66 feet.

Beck & Burns, of Rondout, are stacking ice on the "Lower Island Dock" of the Delaware & Hudson Canal Company, near Derrenbacher's Corner. A large tank, it is said, will be erected on the dock, in which ice water will be kept during the summer for men in the Coal Company's employ. Beck & Burns have the contract for the filling of the McGinnis house, on Meadow-street, Rondout.

Active preparations are being made by the Knickerbocker Ice Company for the storage of ice in their houses south of this City. At the Clearwater house, near Highland, every detail has been arranged for "starting up." At the "Fox Grove" house, in Poughkeepsie, and at the Marlborough houses, men are putting out "runs" and other necessary appliances for the housing of ice. The ice averages about eight inches in thickness at the points named. The aggregate capacity of the houses to be filled by the Knickerbocker Company at Clearwater's, Poughkeepsie and Marlborough is 60,000 tons.

WATCHMAN'S FORTUNATE DISCOVERY.

What Might Have Proved to Have Been a Serious Conflagration.

On Sunday morning Paul Cabel, a night watchman in Kingston, saw a bright red spot about as large as a man's hand, on the ceiling of Clarke's drug store, on Wall-street. He hurried across the street and discovered that it was a fire. The occupants of the building consist of three families, those of C. B. Safford, George Mowel and E. B. Matheson. Cabel rang the door bell. Some of the inmates had detected a strong smell of smoke, and in a short time the men were out of the building. They proceeded to the rear of the store, broke in a door and extinguished the fire with a pail of water. The fire was directly above an arc electric light. Mr. Clarke closed his store at 10:30, at which time he turned off the electricity by a cut-off on the lamp. The fire, it is said, was caused by the electricity, but in what manner is not understood. The ceiling was burned through and the beam charred for several inches.

OTHER FIRES.

The E. P. Carpenter house on the "South Road," five miles south of Poughkeepsie, was destroyed by fire on Saturday afternoon. Loss about $7,500.

A correspondent of THE FREEMAN at Highland writes: "Early on Saturday forenoon a fire was discovered burning briskly in the felloe factory owned by Terpenning & Company, at the Landing, near the ferry house. An alarm was given. Water was thrown on the burning timbers, and the fire was extinguished before much damage was done."

VARIOUS SPORTING MATTERS NOTED.

Broke Eighteen Consecutive "King Birds"—Death of a Stallion.

On Washington's Birthday L. P. Schutt, of Catskill, broke 18 consecutive "king birds" while practicing shooting.

The promising five-year-old stallion Abdalla Prince belonging to Gilbert Green, of Middletown, died recently. Its owner had refused an offer of $4,000 for the animal.

A race between a sorrel gelding of Marcus Lane and a black mare of John E. Lasher, of this City, will take place on the Kingston Driving Park as soon as the track is in condition for speeding.

ICE BOAT RACE.

A dispatch to THE FREEMAN from Marlborough, to-day, stated: The Marlborough Ice Yacht Club sailed a race on the Hudson River this forenoon, for the Club pennant. Only two boats entered, the "Yum Yum," owned by E. Corwin, and the "Nameless," owned by Kniffin and Bengham. The course was seven miles to windward and return. At the start the wind blew fresh from the north. The "Nameless" took the lead from the start and finished an easy winner in 40 minutes.

SKATING CONTEST.

A dispatch to THE FREEMAN from Newburgh, to-day, stated: Joseph Donoghue and Elmer Simpson, of this City, will skate a one mile straight away race, on the Hudson River, at this place for a medal, next Wednesday.

IN THE CIRCUIT COURT, KINGSTON.

A Long-Winded Case Ended—Some Incidents Noted.

But few cases were disposed of at the late Circuit Court, in Kingston. One week was almost entirely consumed trying the case of Ostrander vs. Washburn *et al.*

POINTS ELICITED.

During the trial of a case in Circuit Court, Kingston, recently, several engineers and surveyors gave testimony. Some of the points elicited were as follows:

"The needle of a compass in this locality varies three minutes each year."

Question by counsel—"Are any two compasses likely to point exactly the same?"

Answer—"They are more likely to point different."

Q.—"At different periods of time will the same compass point different?"

A.—"Yes."

One of the lawyers asked an engineer whether the instruments used by surveyors in olden times were as good as those of the present day. The opposing lawyer objected to the question, saying if that were proper, 50 years hence, it could be claimed that the instruments of that day were greatly superior to those in use now, and therefore lines run now, would not be as correct as those run then. The Court sustained the objection. It was shown that when one of the lines was run a lawyer held a tape line. The engineers were of the opinion that because a lawyer held the tape line was not convincing proof that the measurements were correct. Great care is required in handling a tape line to make a proper survey. The difference in variation in the coast survey, it was claimed, from 1835 to 1888, was 3° and 29'. There is a line known as a line of "no variation." It runs from a place near Washington to a place somewhere in Ohio.

THE RECORD OF CITY AMUSEMENTS.

The Deshon Opera Company To-Night—Promenade Concert—Ball, Etc.

The *Springfield Gazette* has said this of the Deshon Opera Company, which will open a week's engagement in the Kingston Opera House to-night: "Olivette, by the Deshon Opera Company, was performed last night to a large and enthusiastic audience. It went with a vim and made a decided hit. As this company has become such a favorite in this City it would probably be interesting to our readers to learn something of the different members of this company. Frank Deshon, the comedian, has been on the stage for 12 years. He has been with the best companies in the United States. With his own company he played at the Criterion Theatre, Brooklyn, for six months with success." A change of programme will occur each night. All the operas given by this company are popular.

PROMENADE CONCERT.

A social event in this City before the beginning of the Lenten season will be the promenade concert and reception of the members of Cornell Hose Company, of Rondout, to be held in the Academy of Music on Wednesday evening. The arrangements made by the various committees give evidence that there will be rare opportunities for enjoyment. There are few fire companies that entertain their friends in such regal style as does this body of volunteer firemen.

BALL.

On Monday evening, March 4, the members of the Monopol Social Club, of Rondout, will hold a ball in Washington Hall. The following is the Committee of Arrangements: H. Caddy, G. A. Brown, W. H. Nash, I. Cole, D. Forst, E. N. Brown, Henry Thomas, J. N. Walter.

SOME PHASES OF THE SEAMY SIDE.

Arrest of an Alleged Murderer—Sentenced to Dannemora Prison.

The Davis store, at Verbank, Dutchess County, was burglarized one night recently.

In the Columbia County Court, one day recently, 31 talesmen were summoned to secure one juror in the Hover forgery case.

John Finkle and Michael Phillips, of Columbia County, have been sentenced to Dannemora Prison for 10 years for burglary.

A dispatch from Poughkeepsie says: A week ago or more Detective Somers, of Linwood, Neb., telegraphed the authorities here that he had arrested John Waters, charged with murdering Mrs. O'Neil, in this City, two years ago. Sheriff VanTassell sent the detective all the documents in his hands that might lead to the identification of Waters, and also a picture of the murderer. Last night the Sheriff received another telegram from the detective, saying: "I have got the right man. Come on and get him." To-morrow Sheriff VanTassell will apply to Governor Hill for a requisition, and will send an officer after the alleged Waters.

RECORDER'S COURT.

The case of one William Leroy, of Kingston, charged with assault, which was to have been tried in Recorder's Court, this forenoon, has been postponed, owing to the illness of Recorder Hussey.

THE SONS OF THE REVOLUTION.

Kingston Gentlemen who Were Present at Organization's Annual Dinner.

Among the Kingston gentlemen who were present at the annual dinner of the Sons of the Revolution at Delmonico's, New-York, on Washington's Birthday, were the Rev. R. Randall Hoes, Thomas G. Evans and A. T. Clearwater. General Alexander S. Webb, President of the University, of New-York; Benson J. Lossing, the historian; the Rev. Dr. Greer, the new Rector of St. Bartholomew's Church, New-York City; Mr. Clearwater, Chaplain Hoes and Mr. Evans were among the after-dinner speakers. Mr. Clearwater, in responding to the toast "The Ancient Capital of New-York," said that at Kingston was the Ancient Capitol of the State constructed a century and a half before the invention of papier mache, and many years before the introduction of quartered oak in America. It was built of solid Ulster County lime stone, and although its interior was not encrusted with Mexican onyx or upholstered with stamped Cordova leather, it had served its purpose admirably, and further appropriations for its completion were not needed.

IN THE STATE FORESTRY DEER PARK.

Two Red Deer that Excite Interest in the Town of Denning.

An Ulster County man, who has been in the forests in the vicinity of Slide Mountain and the State Forestry Deer Park, in the town of Denning, says that two red deer which are running in the park excite interest among the inhabitants of that town, many of whom go for miles to look at them. The wire fence around the park incloses about 100 acres, mostly of forest land. Within it is a small lake. The wire is not barbed, and is fastened on posts which are set firmly in the ground. The fence is 10 feet high, and the strands of wire are only four inches apart, so that dogs cannot enter the inclosure.

MEMORY OF FAMOUS INDIAN SLAYER.

A Monument to be Placed at Head of "Tom" Quick's Grave.

A monument will be erected to the memory of "Tom" Quick, the great Indian slayer of the Revolutionary period. It will be erected by "Deacon" Bross, of Chicago, late Lieutenant-Governor of Illinois. The dust of Quick reposes in a "plain grave" in the Rose family "burying ground," between Matamoras and Milford, Pa. The *Port Jervis Gazette*, in giving this information, says: "This monument will mark at once the quiet abode of both the Quick and the dead—the dead that was Quick and the Quick that is dead."

Primaries.

Democratic primaries will be held in this City to-morrow night.

Republican primaries will be held in the various wards of this City to-night. The place of meeting in the First Ward has been changed from Firemen's Hall to the Eagle Hotel.

Still Making Trips.

Despite the increased thickness of the ice on the Hudson River, the ferry-boat Transport is still making trips between Rondout and Rhinecliff on nearly schedule time.

The Rev. Charles Gorse, of the M. E. Church, New-Hamburgh, who is over 70 years of age, not only preaches good sermons, but pleases church attendants there by singing solos previous to his sermons. Mr. Gorse has been a member of the New-York Conference 50 years.

CHURCH SOCIAL WORK.

The young people of the Rhinebeck Reformed Church will give a pink and choco late sociable on Wednesday evening.

A sociable will be held in Washington Hall, on Thursday evening, under the auspices of the congregation of the Church of the Holy Spirit, Rondout.

An entertainment and sociable, under the auspices of the pupils connected with the Port-Ewen Reformed Church, will be held on Friday evening, March 1.

After four months' rehearsing, a benefit concert was given, recently, in the Reformed Church, Stuyvesant Falls. The expenses exceeded the receipts by 20 cents.

CONFIRMATION AT ST. MARY'S.

St. Mary's Roman Catholic Church, Rondout, was thronged with people on Sunday. The occasion was the closing day of a mission that has been held for two weeks and a visit of Archbishop Corrigan. OF INTEREST TO OLD SOLDIERS HERE.

An Old Battle Flag Displayed at Recent Reunion—Reminiscences.

At the reunion of the members of the One Hundred and Twentieth Regiment in Kingston, on Friday night, the flag of the Regiment was displayed. This flag, it is said, was carried in every battle in which the Regiment took part. It was riddled with bullets, and once the staff was broken with a shell. It was never in the hands of the enemy, though during the retreat at James City the Confederates were close enough to the color bearer, to order him to surrender, threatening him with death in case of refusal. At Spottsylvania Court House when during a counter charge the brigade was broken and forced to fall back in confusion, the One Hundred and Twentieth Regiment rallied around this flag and formed line with such celerity that the General in command publicly complimented them.

A REMINISCENCE.

When Colonel Lockwood was in command of the One Hundred and Twentieth N. Y. V. Regiment, during the War of the Rebellion, he was considered a strict disciplinarian. At the recent re union in Kingston he shook hands with a member of the Regiment. "I cannot recall your face," said the Colonel, "though I thought I knew every member of the Regiment." "Well," answered the veteran "maybe I can bring it to your mind. While in front of Petersburg one Saturday night, I was detailed as Corporal in charge of our men on the picket line. I was out with the squad in the rifle pits, in close proximity to the enemy, all night. We were relieved before daylight, so the enemy would not have as good a mark to fire at. We worked our way back, cautiously, and arrived at the Regiment safe and sound. It was Sunday morning, and it was not long after we had eaten breakfast before the call for inspection and parade was sounded. It was not usual for those who had just returned from duty on the picket line to be inspected, because crawling in trenches and lying in mud in rifle pits was not conducive to cleanliness, and time and labor were required to scour up. We were ordered out, however, and as protesting would do no good we took our place in line. We were not tidy, and the guns were black and dirty from continual firing during the night. You, Colonel, came down the line inspecting each soldier. By and by you reached one of the men who had been on picket. You surveyed him from head to foot, and the gun was examined. 'Whose squad do you belong to?' was the inquiry. 'Corporal Lewis,' was the answer. 'Umph!' you said, as you tossed the gun back and passed on. It was not long before you came to another member of my squad. After an examination I heard the question in louder tones: 'Whose squad do you belong to?' 'Corporal Lewis,' was the quick response. Something decidedly emphatic was said. When you came to the third man of Corporal Lewis' squad and received from him the same answer, you thundered out, 'Well, I'll reduce Corporal Lewis to the ranks.' Later explanations were made and accepted. Corporal Lewis was not reduced to the ranks. Do you remember?"

"Yes, I do," said the Colonel, "Corporal Lewis, I am very glad to meet you."

WHERE PEACH TREES ARE IN BLOOM.

A Kingston Man's Journey From New-York to Florida.

According to a letter received from Howard Hendricks, of Kingston, who has been attending sessions of the Pomological Society at Ocala, Florida, the trip there on the railroad from New-York occupied 48 hours. It was a pleasant journey, many members of the society being on the train. They were received in Florida by the Governor of the State and by the Mayor of Ocala, and invitations for excursions through various parts of the State were extended the party. Mentioning some of the phases of the ride Mr. Hendricks says: "Every night we were turned around several times. They took us head first and then feet first alternately." He found in Carolina that peach trees were in bloom, and peas were six inches high. There are "palms and lilies, negro log cabins, mules and pine forests. The air is redolent with perfume." The beautiful swinging moss attracted his attention and he gathered curious palm leaves while waiting on a switch. "In Florida the orange groves are numerous and beautiful. The train boy demanded 25 cents for six Indian River specimens. The soil is all white sand. There are forests of stately palmetto palms. Some of these trees are 50 feet high." In regard to the scenery a woman remarked to her husband: "What monotonous scenery!" Her husband replied: "It is the climate you came for, not the scenery."

ACCIDENTS REPORTED THIS DAY.

A Farmer Has a Leg Broken—Mishap to a Horse and Boy.

This morning a young man named Charles Woerner, of Rondout, ran the point of a pike pole into his right foot. In drawing the pole upward, another point of the pole ran into his left leg.

On Saturday a horse broke through the ice on the Hudson River, at Turkey Point. At the time of the accident a boy was seated on the horse's back, with his feet entangled in the harness. While in the water the lad, in his efforts to loosen his feet, was pulled under the horse. Horse and boy were rescued.

An exciting runaway occurred in Rondout at noon to-day. A farmer named R. D. Sahler, of Accord, Ulster County, was driving down Hasbrouck avenue, and when near the Ulster & Delaware Railroad crossing the horses became frightened at a passing locomotive and started on a run. The wagon was loaded with baled hay, on which Sahler was seated. When a short distance from the crossing he lost his seat and fell to the ground. The horses continued in their flight to the corner of The Strand and Hasbrouck-avenue, where they dashed upon the sidewalk. One of the wheels struck a tie post, stopping the vehicle, breaking the tongue and tearing the harness. Sahler was picked up and carried into the office of Drs. Smith & Crispell. It was found that the man's right leg was broken just above the ankle. He was otherwise bruised.

A STORY FROM SAMSONVILLE.

Alleged Disappearance of a Woman of That Place—Fears That She is Dead.

Residents of Samsonville and vicinity, Ulster County, are excited over the alleged disappearance of a Mrs. John Traver, who, until recently, resided with her husband near Samsonville. The story as related, is that John Traver, an old soldier who lost an arm in the War of the Rebellion, came home a week ago last Thursday night, and having some words with his wife struck her. The woman threw a shawl over her head, and with the remark: "That is the last time you will ever give me a pounding," opened the door and passed out into the darkness, and has not been seen or heard of since. It was at first believed that she had gone to the house of some relative, either in Olive or in Rosendale, and no attempt besides writing to them was made to find her. When answers to letters and telegrams were received, stating that Mrs. Traver had not been seen, the people became alarmed, fearing that she had lost her way and been frozen. The woods are being searched. Mrs. Traver is about 50 years of age.

HON. J. P. BASS,

now President Eastern Maine State Fair Association ex-Mayor, of Bangor, business man and capitalist, one of the best known men in Maine. He had, not ne ago a severe attack of dyspepsia, which took him from all business, placing him under treatment. He went South and West in search of health, but failed to find it. Could eat no solid food, and became reduced in flesh from 160 to 118 pounds. Spent thousands of dollars, still no relief. At this time met Dr. Brown, who had just returned from Europe The latter undertook a cure.

He expanded and strengthened the walls of the stomach of the patient, cleansed them of foreign accumulations; reduced that "growing sensation;" revived the liver and kidneys, exciting them to a healthy action, and toned up the blood until Mr. Bass began to regain former good health. Under this treatment he became entirely well, and that year, in connection with Hon. G. B. Loring and other officials of the New England Fair Association, managed their great fair. NOTES ABOUT ICE AND "ICE MEN."

What is Being Done 'Long Shore and Up the Rondout Creek.

Reid & Powell are stacking ice on their dock at Coxsackie.

Work was begun at the Knickerbocker Ice Company's house at Slate Dock, Rhinecliff, this morning.

The work of filling the ice house of the Cornell Steamboat Company, in Rondout, was completed to-day.

It is expected that the work of filling the Brewers' Ice Company's house at Eddyville will have been finished before to-morrow noon.

The Knickerbocker Company has filled four barges at Dutchess Junction with ice from Lake Billings. The ice is from 11 to 15 inches thick.

A dispatch from Albany says: There no longer remains any doubt that the ice harvest here will be successful. Most of the local dealers expect to get in all they want this week.

The work of filling several barges with ice by the Brewers' Ice Company, at South-Rondout, which was begun on Saturday, has been abandoned until the ice at that point increases in thickness.

A good quality of ice, taken from the John Hutchins Pond, Esopus, is being stored in one of the Knickerbocker Company's houses there. The pond is located nearly half a mile from the house, and is conveyed from the pond to the house on slides.

A dispatch from Troy to THE FREEMAN to-day stated: The recent cold wave has increased the thickness of the ice in this vicinity to 12 inches, and ice dealers who have already filled their houses are making preparations for stacking. A Port Schuyler firm this morning began work on a new stack house 366 by 66 feet.

Beck & Burns, of Rondout, are stacking ice on the "Lower Island Dock" of the Delaware & Hudson Canal Company, near Derrenbacher's Corner. A large tank, it is said, will be erected on the dock, in which ice water will be kept during the summer for men in the Coal Company's employ. Beck & Burns have the contract for the filling of the McGinnis house, on Meadow-street, Rondout.

Active preparations are being made by the Knickerbocker Ice Company for the storage of ice in their houses south of this City. At the Clearwater house, near Highland, every detail has been arranged for "starting up." At the "Fox Grove" house, in Poughkeepsie, and at the Marlborough houses, men are putting out "runs" and other necessary appliances for the housing of ice. The ice averages about eight inches in thickness at the points named. The aggregate capacity of the houses to be filled by the Knickerbocker Company at Clearwater's, Poughkeepsie and Marlborough is 60,000 tons.

WATCHMAN'S FORTUNATE DISCOVERY.

What Might Have Proved to Have Been a Serious Conflagration.

On Sunday morning Paul Cabel, a night watchman in Kingston, saw a bright red spot about as large as a man's hand, on the ceiling of Clarke's drug store, on Wall-street. He hurried across the street and discovered that it was a fire. The occupants of the building consist of three families, those of C. B. Safford, George Mowel and E. B. Matheson. Cabel rang the door bell. Some of the inmates had detected a strong smell of smoke, and in a short time the men were out of the building. They proceeded to the rear of the store, broke in a door and extinguished the fire with a pail of water. The fire was directly above an arc electric light. Mr. Clarke closed his store at 10:30, at which time he turned off the electricity by a cut-off on the lamp. The fire, it is said, was caused by the electricity, but in what manner is not understood. The ceiling was burned through and the beam charred for several inches.

OTHER FIRES.

The E. P. Carpenter house on the "South Road," five miles south of Poughkeepsie, was destroyed by fire on Saturday afternoon. Loss about $7,500.

A correspondent of THE FREEMAN at Highland writes: "Early on Saturday forenoon a fire was discovered burning briskly in the felloe factory owned by Terpenning & Company, at the Landing, near the ferry house. An alarm was given. Water was thrown on the burning timbers, and the fire was extinguished before much damage was done."

VARIOUS SPORTING MATTERS NOTED.

During the trial of a case in Circuit Court, Kingston, recently, several engineers and surveyors gave testimony. Some of the points elicited were as follows:

"The needle of a compass in this locality varies three minutes each year."

Question by counsel—"Are any two compasses likely to point exactly the same?"

Answer—"They are more likely to point different."

Q.—"At different periods of time will the same compass point different?"

A.—"Yes."

One of the lawyers asked an engineer whether the instruments used by surveyors in olden times were as good as those of the present day. The opposing lawyer objected to the question, saying if that were proper, 50 years hence, it could be claimed that the instruments of that day were greatly superior to those in use now, and therefore lines run now, would not be as correct as those run then. The Court sustained the objection. It was shown that when one of the lines was run a lawyer held a tape line. The engineers were of the opinion that because a lawyer held the tape line was not convincing proof that the measurements were correct. Great care is required in handling a tape line to make a proper survey. The difference in variation in the coast survey, it was claimed, from 1835 to 1888, was 3° and 29'. There is a line known as a line of "no variation." It runs from a place near Washington to a place somewhere in Ohio.

THE RECORD OF CITY AMUSEMENTS.

The Deshon Opera Company To-Night—Promenade Concert—Ball, Etc.

The *Springfield Gazette* has said this of the Deshon Opera Company, which will open a week's engagement in the Kingston Opera House to-night: "Olivette, by the Deshon Opera Company, was performed last night to a large and enthusiastic audience. It went with a vim and made a decided hit. As this company has become such a favorite in this City it would probably be interesting to our readers to learn something of the different members of this company. Frank Deshon, the comedian, has been on the stage for 12 years. He has been with the best companies in the United States. With his own company he played at the Criterion Theatre, Brooklyn, for six months with success." A change of programme will occur each night. All the operas given by this company are popular.

It was built of solid Ulster County lime stone, and although its interior was not encrusted with Mexican onyx or upholstered with stamped Cordova leather, it had served its purpose admirably, and further appropriations for its completion were not needed.

IN THE STATE FORESTRY DEER PARK.

Two Red Deer that Excite Interest in the Town of Denning.

An Ulster County man, who has been in the forests in the vicinity of Slide Mountain and the State Forestry Deer Park, in the town of Denning, says that two red deer which are running in the park excite interest among the inhabitants of that town, many of whom go for miles to look at them. The wire fence around the park incloses about 100 acres, mostly of forest land. Within it is a small lake. The wire is not barbed, and is fastened on posts which are set firmly in the ground. The fence is 10 feet high, and the strands of wire are only four inches apart, so that dogs cannot enter the inclosure.

OF INTEREST TO OLD SOLDIERS HERE.

An Old Battle Flag Displayed at Recent Reunion—Reminiscences.

At the reunion of the members of the One Hundred and Twentieth Regiment in Kingston, on Friday night, the flag of the Regiment was displayed. This flag, it is said, was carried in every battle in which the Regiment took part. It was riddled with bullets, and once the staff was broken with a shell. It was never in the hands of the enemy, though during the retreat at James City the Confederates were close enough to the color bearer, to order him to surrender, threatening him with death in case of refusal. At Spottsylvania Court House when during a counter charge the brigade was broken and forced to fall back in confusion, the One Hundred and Twentieth Regiment rallied around this flag and formed line with such celerity that the General in command publicly complimented them.

A REMINISCENCE.

When Colonel Lockwood was in command of the One Hundred and Twentieth N. Y. V. Regiment, during the War of the Rebellion, he was considered a strict disciplinarian. At the recent re union in Kingston he shook hands with a member of the Regiment. "I cannot recall your face," said the Colonel, "though I thought I knew every member of the Regiment." "Well," answered the veteran "maybe I can bring it to your mind. While in front of Petersburg one Saturday night, I was detailed as Corporal in charge of our men on the picket line. I was out with the squad in the rifle pits, in close proximity to the enemy, all night. We were relieved before daylight, so the enemy would not have as good a mark to fire at. We worked our way back, cautiously, and arrived at the Regiment safe and sound. It was Sunday morning, and it was not long after we had eaten breakfast before the call for inspection and parade was sounded. It was not usual for those who had just returned from duty on the picket line to be inspected, because crawling in trenches and lying in mud in rifle pits was not conducive to cleanliness, and time and labor were required to scour up. We were ordered out, however, and as protesting would do no good we took our place in line. We were not tidy, and the guns were black and dirty from continual firing during the night. You, Colonel, came down the line inspecting each soldier. By and by you reached one of the men who had been on picket. You surveyed him from head to foot, and the gun was examined. 'Whose squad do you belong to?' was the inquiry. 'Corporal Lewis',' was the answer. 'Umph!' you said, as you tossed the gun back and passed on. It was not long before you came to another member of my squad. After an examination I heard the question in louder tones: 'Whose squad do you belong to?' 'Corporal Lewis',' was the quick response. Something decidedly emphatic was said. When you came to the third man of Corporal Lewis' squad and received from him the same answer, you thundred out, 'Well, I'll reduce Corporal Lewis to the ranks.' Later explanations were made and accepted. Corporal Lewis was not reduced to the ranks. Do you remember?"

"Yes, I do," said the Colonel, "Corporal Lewis. I am very glad to meet you."

WHERE PEACH TREES ARE IN BLOOM.

A Kingston Man's Journey From New-York to Florida.

According to a letter received from Howard Hendricks, of Kingston, who has been attending sessions of the Pomological Society at Ocala, Florida, the trip there on the railroad from New-York occupied 48 hours. It was a pleasant journey, many members of the society being on the train. They were received in Florida by the Governor of the State and by the Mayor of Ocala, and invitations for excursions through various parts of the State were extended the party. Mentioning some of the phases of the ride Mr. Hendricks says: "Every night we were turned around several times. They took us head first and then feet first alternately." He found in Carolina that peach trees were in bloom, and peas were six inches high. There are "palms and lilies, negro log cabins, mules and pine forests. The air is redolent with perfume." The beautiful swinging moss attracted his attention and he gathered curious palm leaves while waiting on a switch. "In Florida the orange groves are numerous and beautiful. The train boy demanded 25 cents for six Indian River specimens. The soil is all white sand. There are forests of stately palmetto palms. Some of these trees are 50 feet high." In regard to the scenery a woman remarked to her husband: "What monotonous scenery!" Her husband replied: "It is the climate you came for, not the scenery."

ACCIDENTS REPORTED THIS DAY.

A Farmer Has a Leg Broken—Mishap to a Horse and Boy.

This morning a young man named Charles Woerner, of Rondout, ran the point of a pike pole into his right foot. In drawing the pole upward, another point of the pole ran into his left leg.

On Saturday a horse broke through the ice on the Hudson River, at Turkey Point. At the time of the accident a boy was seated on the horse's back, with his feet entangled in the harness. While in the water the lad, in his efforts to loosen his feet, was pulled under the horse. Horse and boy were rescued.

An exciting runaway occurred in Rondout at noon to-day. A farmer named R. D. Sahler, of Accord, Ulster County, was driving down Hasbrouck avenue, and when near the Ulster & Delaware Railroad crossing the horses became frightened at a passing locomotive and started on a run. The wagon was loaded with baled hay, on which Sahler was seated. When a short distance from the crossing he lost his seat and fell to the ground. The horses continued in their flight to the corner of The Strand and Hasbrouck-avenue, where they dashed upon the sidewalk. One of the wheels struck a tie post, stopping the vehicle, breaking the tongue and tearing the harness. Sahler was picked up and carried into the office of Drs. Smith & Crispell. It was found that the man's right leg was broken just above the ankle. He was otherwise bruised.

A STORY FROM SAMSONVILLE.

Alleged Disappearance of a Woman of That Place—Fears That She is Dead.

Residents of Samsonville and vicinity, Ulster County, are excited over the alleged disappearance of a Mrs. John Traver, who, until recently, resided with her husband near Samsonville. The story as related, is that John Traver, an old soldier who lost an arm in the War of the Rebellion, came home a week ago last Thursday night, and having some words with his wife struck her. The woman threw a shawl over her head, and with the remark: "That is the last time you will ever give me a pounding," opened the door and passed out into the darkness, and has not been seen or heard of since. It was at first believed that she had gone to the house of some relative, either in Olive or in Rosendale, and no attempt besides writing to them was made to find her. When answers to letters and telegrams were received, stating that Mrs. Traver had not been seen, the people became alarmed, fearing that she had lost her way and been frozen. The woods are being searched. Mrs. Traver is about 50 years of age.

HON. J. P. BASS,

now President Eastern Maine State Fair Association ex-Mayor, of Bangor, business man and capitalist, one of the best known men in Maine. He had, not ne ago a severe attack of dyspepsia, which took him from all business, placing him under treatment. He went South and West in search of health, but failed to find it. Could eat no solid food, and became reduced in flesh from 160 to 118 pounds. Spent thousands of dollars, still no relief. At this time met Dr. Brown, who had just returned from Europe The latter undertook a cure.

He expanded and strengthened the walls of the stomach of the patient, cleansed them of foreign accumulations; reduced that "growing sensation;" revived the liver and kidneys, exciting them to a healthy action, and toned up the blood until Mr. Bass began to regain former good health. Under this treatment he became entirely well, and that year, in connection with Hon. G. B. Loring and other officials of the New England Fair Association, managed their great fair. Mr. Bass says Dr. Brown used nothing in his case but

NOTES ON NEWS OF THE DAY.

THE government of Chili is expending $500,000 to promote immigration, and provides all immigrants on arriving with board and lodging for 15 days. The Chinese are rigidly excluded, but people of all other nationalities are welcome.

JUDGE GARY of Chicago, who tried the Anarchists that were sent to the gallows, has promised Oscar Neebe, the fifteen years' convict, to use his influence for a pardon if Neebe will make a confession of the workings of the Anarchists and their system. Neebe has begun to write the confession.

DR. MCGLYNN denounced parochial schools at the meeting of the Anti-Poverty Society of New York last night. He said they were largely taught by unemployed coal heavers or men of that sort, who sandwiched bad grammar with the catechism in illy ventilated school rooms in the basements of churches.

GEN. HARRISON is on his way to Washington, and will reach that city to-morrow afternoon if there is no delay. He will then consult with the leaders of the party, many of whom were associated with him in Congress, concerning the Cabinet. It is understood at Indianapolis that no definite choice has yet been made for either the Navy or Agricultural Department. Some of the other reported selections are held also subject to revision.

MR. AND MRS. CLEVELAND have packed up everything in the White House belonging to them, and will be at the residence of Secretary Fairchild after to-morrow. It is expected that they will, according to custom, entertain the new President and his wife at lunch in the White House on inauguration day, and leave for New-York in the afternoon. Mr. Cleveland is anxious to get at work, and proposes to waste no time after his salary stops.

PREMIER MILLS threatens to filibuster away the entire remainder of the Congressional session rather than permit the adoption of Randall's resolution fixing a day for the consideration of the Cowles tobacco bill. If this purpose is carried out several appropriation bills are likely to fail, thus forcing that alternative so much dreaded by all Democrats, an extra session. From 25 to 75 Democrats will stand by Randall and the Republicans in fighting for the passage of the bill, and a continuous session lasting three or four days and nights is anticipated.

THE state discovers that it has a very careless Comptroller. His deputy, Westbrook, testified on Saturday that Mr. Wemple allowed contractor Snaith to draw $15,000 from the treasury more than he was entitled to because he regarded Superintendent Andrews, who certified to the vouchers, as an honest man. If Mr. Wemple does all of the business of the state in this way he is a dangerous "watchdog of the treasury" to be on duty. Mr. Wemple is preparing to run for a second term. Voters will please remember how guileless, unsophisticated and confiding he is.

CONTRACTOR SNAITH exhibited his books to the Appropriations Committee on Saturday, though he had been advised by his counsel not to do so. So many recent changes had been made in the books that even Chairman Ainsworth was startled. There was one fresh charge of $54,000 just made which his book-keeper swore he dated November 8th because he found a blank space under that date. The committee was convinced that Snaith made from $85,000 to $95,000 and sub-contractor Sullivan about $20,000 from the job. The Public Building Trustees have not yet suspended Andrews, and ugly rumors are afloat about Albany concerning the diversion of a large portion of the steal to the Democratic campaign fund. The impression grows that Hill and Jones dare not suspend Andrews.

THE FREEMAN on Saturday good naturedly gave space to an article from the St. Louis *Stationer*, in which our readers were informed that the newspaper of the future was to be run without editors and without brains. Any young man will, it seems, be qualified to take a position on such a paper, even the ability to write good English being of not the slightest consequence. This may be the newspaper of the future, but that future is still remote. It will be a future in which preachers will take up their time in reading chapters from the Bible and selections from established creeds, lawyers confine their pleas to readings of the statutes and judicial decisions, and doctors administer patent medicines under the directions of the almanacs. Readers of the present generation of newspapers need take no alarm over the vaticinations of "Ricardo." The field for the newspaper without opinions may be broad and long, but its locality has not yet been discovered.

GEN. HARRISON's pastor, Rev. Dr. Haines, referred to his distinguished member in his sermon yesterday for the first time since the nomination. He spoke of him as "one who has been identified with this Christian church for more than a quarter of a century as a member and officer," and assured him that he would carry with him "the unswerving confidence as well as the warm personal regard of his fellow Christians." He continued: "We have learned to believe in you, in your personal integrity, in your tested Christian character. We join in the anticipation that you will exhibit to the people of this nation that crowning glory of magistrates and sovereigns, a genuine, broad Christian manhood, pure in its purpose, catholic in its spirit, undeviating in its loyalty to duty and to God. In conclusion he said: "We are glad in the belief that the righteous hope inspired by your life among us will be justified in days to come. We rejoice in the confident expectation that the coming quadrennium will be marked by the priceless blessings from the Father of Mercies, conferred upon our beloved country, through your character and administration." Gen. Harrison was present with his wife and daughter, occupying the family pew. After the service there was a farewell handshaking with his church brethren. Gen. Harrison has been a member of the Presbyterian church at Indianapolis 34 years, which is the entire time that he has resided in that city.

HARRISON'S TRIP TO WASHINGTON.

Plans for His Entertainment: Gas Wells to be Lighted in Pennsylvania.

By Telegraph to The Freeman.

INDIANAPOLIS, Ind., Feb. 25.—Many buildings in the business portion of the City are gaily decorated, while from the top of nearly every building floats the stars and stripes in honor of the departure, this afternoon, of President-elect Harrison. Quite a number of country people have come in to witness the departure of the General.

AT HARRISON'S RESIDENCE.

At the Harrison residence this morning everything was hurry and bustle and running to and fro. Trunks and parcels had been leaving the house every half-hour since 9 o'clock, and by noon the family had about finished their packing and were ready for the momentous journey.

CONSTANT STREAM OF CALLERS.

General Harrison's time was pretty well occupied with receiving the constant stream of callers who came to say good-bye.

THE GENERAL COOL AND COLLECTED.

Although members of the family are more or less excited by the prospect of the trip, General Harrison is outwardly as cool and collected as though he were just going off on a five days' hunting expedition.

PRESENTED WITH A GRIP-SACK.

At 10 o'clock the General received T. S. Quincy, the President of the Commercial and Traveling Men's Republican Club, of Chicago, who called to present the elegant grip-sack donated by the club. The General received him in the front parlor. Mr. Quincy, after describing the present, and exhibiting it to the General, briefly addressed him, saying:

T. S. QUINCY'S SPEECH.

"General, the contents of the satchel being of pure silver, is emblematical of your purity of life, the clasp being triple-gold-plated indicates that you were tried by fire at Peach Tree Creek, second by the hot fire of Democratic opposition in the Senate of your country, and third, through a political campaign as the standard-bearer of the Republican party, and like gold, thrice tried by fire, came out of the public crucible more pure than when you entered the arena of public life. This satchel is not presented from any consideration of the history of your forefathers, but as a compliment to your individual worth. Take it with you wherever you go, it will ever lead you to the best in the land, and we venture to assure you, to the best accommodations the country affords. While the present trip is but for four years we have no doubt that should it become necessary to duplicate the order, the grip-sack will be in such condition that it will be fit to accompany you."

HARRISON'S RESPONSE.

General Harrison responded and thanked the Club for their support and their kind remembrance.

A UNIQUE SERENADE.

During the morning a venerable colored man of local celebrity, Peter W. H. Johnson, serenaded the General and his family with a unique and original musical instrument, playing several patriotic airs. He had for an audience Mrs. Harrison and the children, and a crowd outside. During the entire morning a crowd was congregated in the yard.

WESTERN PENNSYLVANIA SPECTACLE.

PITTSBURGH, Pa., Feb. 25.—A spectacle peculiar to Western Pennsylvania, and similar to one gotten up for Mrs. Cleveland, when she and her husband passed through this City two years ago, is being prepared for President-elect Harrison and his party, to-morrow morning. It has been arranged to have the train halted for a few moments at Jeannette, and have all the gas wells lighted in the entire neighborhood. The glass manufacturers of that City have arranged for the exhibition, and have received assurance that the party will stop there to-morrow morning.

ASSEMBLY CEILING INVESTIGATION.

What Report of the Committee, Expected To-Morrow, Will Say.

By Telegraph to The Freeman.

NEW-YORK, Feb. 25.—A report from the Assembly Ceiling Investigation Committee is expected to be made to-morrow. The report will say that the contract has not been fulfilled; that Superintendent Andrews was grossly derelict of duty in some respects, and that he usurped authority in other respects; that the Mooney bid was a straw one; that Hughes' was ineligible because it exceeded the amount of the appropriation; that Sweet's, Sullivan's and Snaith's were, so far as the evidence shows, regular; and that the profit on the job was out of all proportion to the work performed.

LEAVING THE KNIGHTS OF LABOR.

Action Taken by Dissatisfied Boot and Shoe Workers in the East.

By Telegraph to The Freeman.

BOSTON, Feb. 25.—The wide-spread dissatisfaction of the boot and shoe workers attached to the Knights of Labor through National Trade Assembly 216, at the treatment they have received at the hands of the general officers of the Knights of Labor has culminated in a powerful movement in the larger shoe towns to sever the connection of the trade with the Knights of Labor. At a special meeting, Saturday night, of the Local Assembly of boot and shoe workers of Dover, N. H., called to take action on the circular issued by the Boot and Shoe Workers' National Trade Assembly, No. 216, Knights of Labor, calling upon all shoemakers under their jurisdiction to vote on the advisability of leaving the Knights of Labor and forming an International Trade Union of the craft, it was voted to withdraw from the Knights of Labor and form a local union to be attached to the Boot and Shoe Workers' International Union. Sunday night a similar meeting was held by the boot and shoe makers at Haverhill, Mass., with the same result as at Dover.

Father Stephens on Trial.

DUBLIN, Feb. 25.—Father Stephens, who was arrested, yesterday, for advising tenants on the Olphert estate not to pay their rents, was arraigned to-day. He was remanded for trial, bail being refused.

AT THE NATION'S CAPITAL TO-DAY.

Dilatory Measures in the House of Representatives This Forenoon.

By Telegraph to The Freeman.

WASHINGTON, Feb. 25.—In the House, to-day, the last week of the Fiftieth Congress was ushered in by filibustering, set in motion by Mr. Bland, who raised the point of no quorum upon the approval of the journal. After a few minutes delay Mr. Bland withdrew his point of order to enable C. F. Booher, of Missouri, to qualify as the successor of the late James N. Burnes. Mr. Booher having qualified and the journal having been approved, Mr. Bland resumed his dilatory tactics and moved a recess for 30 minutes. The hour of 11 found the tellers still at their posts and then Mr. Bland, having accomplished his object in nullifying the order assigning one hour to the consideration of measures called up by unanimous consent, withdrew his motion and permitted the cog-wheels of legislation to revolve.

Mr. Hatch asked unanimous consent to non concur in the Senate amendments to the agricultural appropriation bill, but Mr. Sherman, of New-York, objected. Mr. Peel submitted the conference report on the bill authorizing the Leavenworth & Rio Grande Railroad Company to construct a road across Indian Territory.

Mr. Crisp, in the interest of the California contested election case, raised the question of consideration. Then again the machinery of the house became conjested. The House on a vote by tellers decided, 127 to 43, to consider the conference report.

Mr. O'Neal, of Pennsylvania, demanded the yeas and nays, but not being able to muster sufficient strength to support his demand resorted to filibustering methods and moved an adjournment. In these methods he was ably seconded by Mr. Bland, who interjected a motion that when the House adjourn to-day it be to meet on Wednesday next. After some time the motions were withdrawn and the conference report was agreed to.

Mr. Peel also made a conference report on the bill granting right of way through Indian Territory to the St. Louis & San Francisco Railroad Company. Agreed to.

The Senate amendments were non-concurred in to the agricultural appropriation bill.

Mr. Crisp called up the contested election case, and Mr. Sayers, of Texas, in the interest of the deficiency bill, raised the question of consideration. The yeas and nays being ordered, the mass of the Republicans refrained from voting, in order to break a quorum, but subsequently, when it was manifest that this object had not been accomplished, the Republicans recorded their votes in the negative. The House decided, 115 to 102, to consider the election case, but Mr. McKenna, of California, who had voted in the affirmative for this purpose, moved a reconsideration. Mr. Crisp moved to table that motion.

This time the edict of "don't vote" went forth, and the Republicans withheld their votes. The vote resulted, yeas 124, nays none, no quorum, and a call of the House was ordered.

Bills passed: For lights at the western end of Coney Island, New-York, $25,000; for light-house and steam fog signal on the eastern end of the outer breakwater at Chicago; for a steam tender for the great lakes; for a light-house on Eleven Foot Shoal, off Point Peninsula, Lake Michigan; for sundry lights on Lakes Erie, Ontario and Michigan; for a light-house and fog bell on Oyster Bed Shoal, Hudson River, N. Y., [$35,000.]

The conference reports on the bills granting right of way through the Indian Territory to the St Louis & San Francisco Railroad Company and to the Leavenworth & Rio Grande Railroad Company were presented and agreed to.

The House amendment to the Senate bill granting a pension to Mrs. General Sheridan [reducing it from $3,500 to $2,500 and making it subject to the pension laws] was concurred in.

LARCENY IN THE FIRST DEGREE.

It is Probable Ives and Stayner will be Separately Indicted.

By Telegraph to The Freeman.

NEW-YORK, Feb. 25.—The Court of General Sessions where Henry S. Ives and George H. Stayner, the financiers, were to be arraigned, to-day, was unable to accommodate the throng of people assembled to hear the proceedings. The specific charges against the accused is that of larceny in the first degree, in selling 65 $1,000 bonds of the Cincinnati, Richmond & Chicago Railroad, a branch of the Cincinnati, Hamilton & Dayton Road, of which Ives was President. This is the only indictment against them, but other indictments are being sought for by the prosecution. It is probable they will be separately indicted for each of their crooked transactions. The penalty on conviction is five to 10 years' imprisonment. Edward W. Woodruff, the clerk for Ives and Stayner, who was made Treasurer of the Ohio Road by Ives and who was arrested in Newark last week for complicity in the crime, was also expected to plead with his former employers this morning, having surrendered himself to the New-York authorities last night.

Shortly after the Court opened word was received from the District Attorney's office that the case would be postponed until to-morrow. The reason for this action is supposed to be that Woodruff wants time to secure legal advice before pleading.

ORDER OF BUSINESS IN THE SENATE.

Action of the Caucus of Republican Senators Held this Morning.

By Telegraph to The Freeman.

WASHINGTON, Feb. 25.—A caucus of Republican Senators was held this morning, for the purpose of deciding upon the order of business in the Senate during the remainder of the session, and particularly what course should be adopted with regard to the Evarts election resolution. It was practically decided, in view of the evident purpose of the Democrats to delay final action upon the election resolution until the adjournment of Congress, to lay that matter aside temporarily from time to time, and allow other measures to be taken up. Under the arrangement the remaining appropriation bills and conference reports will be taken up as fast as possible.

SOME RECENT DISASTROUS FIRES.

Large Mill Destroyed by Incendiaries; Blaze In a New-York Tenement.

By Telegraph to The Freeman.

LEAVENWORTH, Kans., Feb. 25.—Kelly & Lysle's flour mill was burned with 2,000 barrels of flour early this morning. The mill was one of the largest in the Missouri Valley, having a capacity of 500 barrels a day. The loss will reach $100,000. The fire is supposed to have been of incendiary origin.

ST. LOUIS, Mo., Feb. 25.—Eight business houses in Black Jack, Texas, were burned Saturday night. Loss $50,000.

NEW-YORK, Feb. 25.—Fire broke out early this morning in the tenement house No. 129 Eldridge-street and came very near causing serious loss of life. The occupants succeeded in saving their lives by climbing out through the roof and jumping out of the windows in their night clothes. No fatal injuries were received but many were bruised. Jessie Hannan, 19 years old, jumped out of the second-story window and struck her head in falling. She will recover. While Fireman George Cusick was ascending the stairs they gave way. He fell to the first floor and received serious injuries, but will recover. It is supposed the fire was the work of an incendiary. People living in the house say the second and third floors were saturated with kerosene. The Fire Department will investigate.

CORBONDALE, Pa., Feb. 25.—Frank Craig's boarding-house at Monkey Run was burned last night. Patrick Sweeney, of Lehigh County, and a servant girl named Sarah Ford, of Beranton, perished. Other occupants narrowly escaped.

Killed Herself and Children.

By Telegraph to The Freeman.

CHICAGO, Feb. 25.—Mrs. Elizabeth McAuley and her two children were found dead in bed together this morning. In the woman's mouth was a rubber tube connected with the gas jet. The gas was turned on full head, indicating that Mrs. McAuley had deliberately planned to kill her children and herself. She shot and killed her husband on December 4, 1887, while in a fit of jealosy. No indictment was found against her. She had suffered from a mild form of insanity ever since.

IOWA CITY, Ia., Feb. 25.—Mayor John C. N. Humes, who has been partially insane for over a year and has been under surveillance, committed suicide last night. His term of office would have expired in a few weeks. For some time the Mayor has acted queerly but only his intimate friends knew his mind was seriously affected.

THE STOCK AND MONEY MARKET

Financial Doings on Wall-Street To-Day—The Leading Closing Quotations.

By Telegraph to The Freeman.

NEW-YORK, Feb. 25.—The stock market, this morning, was dull for the great majority of the list, but there was marked activity in a few stocks which gave a moderate degree of animation to the dealings, with St. Paul the principal feature. First prices, as compared with Saturday's closing, were almost invariably lower, although the losses were generally small. St. Paul, however, was off ¼ and Missouri Pacific 1 per cent. The subsequent transactions were almost devoid of feature, the general list fluctuating within the narrowest limits with no decided tendency in either direction, though there was a rather heavy tone during most of the hour. At 11 o'clock the market was quiet and steady.

James G. Blaine Will Not Represent Maine at Inauguration Centennial.

By Telegraph to The Freeman.

AUGUSTA, Me., Feb. 25.—Governor Burleigh has received the following:

WASHINGTON, D. C., Feb. 22, 1889.

His Excellency, E. C. Burleigh, Governor of Maine:

DEAR SIR: I hereby resign my position as a member of the delegation to represent Maine at the Centennial of the Inauguration of George Washington as President of the United States. A SAMPLE DEMOCRAT.

KINGSTON FREEMAN AND JOURNAL:

SIR—A sample copy of your paper fell into my hands the other day and I see by your editorial page you still consider "A lie well stuck to, to be better than the truth." The Democratic party is not nor never was a "Free Trade party." I will refer you to "Blaine's 20 Years in Congress," a Republican authority. You only say so to delude your readers. You are like all the rest of the Republican papers. You say the cause of the strikes &c., is the Democrats being in power. How about the panics of '73 and '81? These were under Republican rule. You know the cause of it is "trying to tax the people into prosperity." But it is needless to quote the truth to you for you hate it worse than the devil hates "holy water." You should obtain a copy of "The History of the Jews" and devote your time reading it, more especially the latter part of Revelation, which speaks of liars, Chapter 22, 15th verse, instead of penning those lying editorials.

A Democrat who believes as Cleveland does "It is better to be defeated battling for an honest principle than to succeed by a cowardly subterfuge."

February 23, 1889. GEO. R. DEAN.

The above was written in criticism of a recent article in the *Freeman*, in which the reductions in wages that have taken place since the election were ascribed to the continuance of a Democratic administration, the difficulties in the way of early tariff legislation, and the eagerness of foreign merchants to unload their surplus stock upon our shores while the tariff is still unchanged. We do not know who George R. Dean is, but suppose that he is somebody who lives in or near Goshen, as his letter bears the postmark of that place. But we regret that he did not spend more time in sustaining his assertions concerning his party than in calling by hard names those who happen to disagree with him on questions about which really honest men are known to differ. It does not weaken the truth of an accepted fact or principle to call the men who assert it liars. THE FREEMAN is undoubtedly better able to bear the assault of Mr. Dean than it would be if it stood alone. For with it stands the whole Republican party, and that party, as Mr. Dean himself must have discovered at the recent election, represents considerably more than half the voting force in the country.

If Mr. Dean were the first Democrat who had written to THE FREEMAN or of THE FREEMAN in this exceeding bad temper, we would throw his letter into the waste-basket. But this temper, ready to throw its possessor into a blind and unreasoning passion at every reflection upon the principles or conduct of the Democratic party, indicates so accurately and so generally the character of the party as to prove its unfitness to rule and the justice of the calamity that has overtaken it. It is a temper that our civilization makes impotent at the North, but in the South, where there is less restraint upon it, it vents itself in outrage and murder. Because Mr. Dean lives at the North he takes his pen to vent his malice towards the newspaper of another party, though he admits that it is "like the rest of the Republican papers." If he lived in Arkansas, Florida or Mississippi, he would not bother with the pen, but would take down his rifle and go a-gunning for the offender. And he is only one Democrat of millions. The whole party is fighting mad over its defeat. In the South it has started a new crusade of murder, while at the North it can only assail the exponents of Republican opinion as liars and those who believe them as fools.

We trust that a fair, just, broad and liberal Republican administration, soon to be inaugurated and established, will put these unhappy and distempered Democrats in a better frame of mind. For that, under God's providence, they were given the merciless thrashing that they had earned by four years of misgovernment and a campaign that was from first to last a menace of European free trade to the people of the United States.

STRANGE USE FOR A FLAG.

Thomas Schulz, a wealthy tin toy manufacturer of Brooklyn, went to New York with his wife last Friday. When they were ready to return home Mrs. Schulz, who had a ticket, stepped on board an elevated railroad train, leaving Mr. Schulz behind. He came, however, on the next one, and when he reached home he was so angry with his wife at being left in the lurch that a terrible quarrel ensued which was witnessed by the servants and in which the woman was knocked down and badly beaten. The couple retired to different rooms, and in the morning the husband heard a pistol shot. Going to the room occupied by his wife he found her dead on the floor with a bullet hole in her right temple. The suicide occurred after 7 o'clock, as the woman had prepared breakfast for her son at that hour. Schulz was placed under surveillance, but the doctors quickly decided that the woman came to her death by her own hand.

The history of the couple reveals that they had not lived happily. A year ago Schulz was made co-respondent in a suit for absolute divorce brought by a barber named Kustner against his wife, which suit was successful. This made a row in the Schulz family. About the same time Mrs. Schulz was made co-respondent in a suit for divorce brought by the wife of a hardware merchant named Schluechtner against her husband. Schluechtner fled from the city without making a defense, and the wife, who had been awarded $20 a week alimony, took possession of his store. When the news of Mrs. Schulz's death was brought to this woman yesterday morning, a most remarkable scene occurred. She danced for joy in her store, and then rushing into the street, began to jump about and shout in wild glee, uttering words of delight over the death of her supposed rival in her husband's affections. After going from house to house telling the (to her) joyful news, she returned to the store and hoisted the American flag over it, in honor of the event. This extraordinary exhibition of hatred incensed the neighbors, and they appealed to Capt. French of the police to order the flag to be taken down. The Captain, after considering the matter, decided that he could not compel the American flag to be hauled down, no matter for what cause it was raised. At last accounts the flag was still flying, and Mrs. Schluechtner was seated at the window watching it. She declares that it shall not be taken down till Mrs. Schulz is safe under ground. The Captain is undoubtedly right in his decision concerning the flag. His declaration that it shall float recalls Gen. Dix's famous order. But this maddened woman's conduct may require a statute defining the uses to which the flag shall be applied. It was desecrated by Mrs. Schluechtner, and the same thing occurs when it is carried in an Anarchist procession.

DOUBLE SHIRE TOWNS.

The Rome *Sentinel* wants Oneida county divided and Rome made the county seat of Stanwix. Oneida county is one of the biggest in the state, and the only one, we believe, which has two shire towns. It maintains two court houses and two jails, one of each in Rome and the other in Utica. That sort of nonsense probably can be ended with less fighting by dividing the county than otherwise.—*Buffalo Courier.*

As a division of the county would multiply the office-holders, probably the proposition meets with the favor of the politicians. Oneida county is large enough to divide, and we should think would feel proud of its generous dimensions and population. The *Courier* is mistaken in saying that Oneida county alone enjoys the distinction of two shire towns. Washington county has both Salem and Sandy Hill, and entertains no notion of splitting its territory.—*Troy Press.*

How little we editors know of the geography of our state. Not only Oneida and Washington, but Seneca, Orange, Oswego, Steuben and Allegany have double shires, as will be observed by the court record for the year 1889. Chautauqua has also two shire towns designated on the map, and St. Lawrence sometimes divides her courts between Ogdensburgh and Canton. Our large counties are finding it cheaper to maintain duplicate court houses than to pay the fares of jurors and witnesses to the principal city or village, which is not everywhere central in its location.

SELF-CONDEMNED.

Andrews's Testimony Summed up—A Self-Confessed Scoundrel.

[From the Buffalo Commercial Advertiser.]

The testimony of Superintendant Andrews yesterday before the Assembly Appropriations Committee was of an extraordinary character. It shows that he changed the plans and specifications in favor of the contractors in numerous instances, and that not one of the Special Ceiling Committee had interest enough in the work to discover it or to interpose an objection if discovered. The mystery is how even Andrews could have the assurance to modify the plans without consultation with the Committee, as he admits he did, unless he felt he had a sort of *carte blanche* to do as he saw fit.

He substituted papier mache for quartered oak in the panels without saying a word to the Committee appointed to supervise the work. He also on his own motion used papier mache instead of beaded oak in the spandrels, as called for by the specifications. He largely reduced the number of panels on his own responsibility and thus materially cut down the amount of iron required for the work. He would not swear either that wood was not used where the specifications called for iron, and he was at a loss to account for the fact that Snaith had drawn $14,000 more than he was entitled to except that it was in consequence of an oversight on his part. It is worthy of note that all of his slips and lapses and changes were in the interest of the contractors.

In view of this showing it is simply disgusting to hear it intimated that Mr. Andrews's bonds are of the material so largely used by "Bill" Tweed when he was looking after the public business—namely of straw.

This whole ceiling business is the most scandalous job that has disgraced the state for years.

PUBLIC OPINION.

The apple crop was a good one last fall, but during the winter it has turned out a miserable failure. The weather has been extremely bad for preserving the fruit, and growers and dealers who held on to their stock in the hope of an advance of prices have been heavy losers. One case is reported of a man in Maine to whom an offer of $1,000 for 700 barrels was made in the fall, but he preferred to wait, and recently thought himself lucky to get $300 for 300 barrels that remained on his hands. Just why the apple crop should have gone to the dogs so soon after the defeat of the Democratic party is one of the things that the student of curious coincidences may find it hard to explain.—*New York Tribune.*

The passage of the bill for the admission of the Dakotas, Montana and Washington into the Union of States by the Democratic House and the approval of the same by President Cleveland now that the Presidential contest is over and the Democrats are in the soup, looks very much like a death-bed repentance. The reasons entitling the territories named to admission now have existed throughout the greater part of Mr. Cleveland's administration. It was unquestionably their assured Republicanism that delayed their admission. Repentance is always to be desired, but that repentance which comes with the approach of dissolution is always looked upon with grave doubt.—*Buffalo News.*

So Contractor Snaith made $85,000 out of that ceiling job and Contractor Sullivan about $20,000. Pretty good profit that, and it shows the experts were about right after all. Now what will be done with the men who permit such a swindle? Will it be conceded that Messrs. Snaith and Sullivan got away with all of the swag, or did they have to divide, and if so with whom?—*Troy Budget.*

The advocates of the Saxton electoral reform bill in the New York General Assembly seem to be in doubt whether they shall emasculate it in the hope of inducing Governor Hill to sign it or stand by the principle and allow him to veto it. There can be little doubt that the latter will be the wiser course.—*Providence Journal, Dem.*

The country has begun to believe that the authorities of Arkansas do not intend to make any serious effort to capture the murderers of John M. Clayton.—*Providence Journal, Dem.*

SPECIAL BUSINESS NOTICES.

COMMON AIR.

The breath of life is conveyed to every part of the human lungs by means of a system of fine vessels called the bronchial tubes. When these are clogged up by an accumulation of mucous, so that breathing is very difficult, especially after any exertion, a person has the leading symptoms of Asthma or Phthisic. Besides this the tubes are often reduced to much less than their natural diameter by spasmodic contraction; often nearly suffocating the sufferer. Whether the case is of long standing or not. Dr. David Kennedy's Cherry Balsam is the most efficacious known remedy. It at once loosens the mucous matter, and causes it to be ejected by a free and easy expectoration. The Balsam in such cases should be taken in larger doses than for a common Cough, and no harm is done if some vomiting results. Take particular notice that if the disease is complicated with a dyspeptic state of the stomach Kennedy's Favorite Remedy must be used to correct the digestion. The case must be very severe that will not rapidly improve under this treatment.

"ROOM AT THE TOP."

"There's plenty of room at the top," as the champagne remarked when it flew to the dude's head. This is pre-eminently true of Dr. Tutt's Liver Pills. A remedy, to be effectual and permanent, must be composed of tonic, alterative, corrective, and cathartic properties. Until the discovery of these pills such elements, so combined, were unknown. They are at the top, and have been there 25 years.

"Man wants but little here below." This is particularly true of medicine, and he really needs a very small amount provided it be of the right kind. Dr. Pierce's Pellets fill the bill in respect of size, and are stupendous in point of effectiveness. If you desire immediate relief from headace, "liver complaint," indigestion and constipation, they will not fail you.

★ BRIGHT'S DISEASE. ★

A Ten-Year-Old Child Saved After the Failure of Four Physicians.

My little girl, ten years of age, was taken sick in March, 1888, with scarlet fever. When recovering she took a severe cold, which developed Bright's Disease of the Kidneys. Her ankles, feet and ... were terribly swollen, she had a burning ... eyes ... fever, and all the symptoms of an aggravated case of Bright's Disease. Four of our best physicians attended her, but without success, and

Her Life was Despaired of.

But a mother's love and prayers surmount all difficulties, and I determined to try Dr. David Kennedy's Favorite Remedy, made at Rondout, N. Y. This was a last resort, and I hoped, although my little daughter's case was a very severe one, that the Favorite Remedy would do for her what it had done for others whose condition had not been, seemingly, as hopeless. How happy I am that I determined upon this course—for an improvement was at once perceptible. The fever left her—her appetite improved—she gained six pounds in a short time, and one by one the well known and dreaded symptoms of the disease left her. Words fail to express my gratitude and I cannot too earnestly recommend the Favorite Remedy. It was

A MARVELOUS RECOVERY

and is due entirely to the Favorite Remedy, which was the only medicine taken after her case was abandoned by the physicians.

Mrs. Laura A. Kempton, West Rutland, Vermont.

The diseases that follow Scarlet Fever, Measles, Diphtheria and various other complaints often leave behind them sequellas of the most obstinate and dangerous character. To expel all traces of such disorders, tone up the various organs, and fill the veins with pure and nutritious blood, use

FABRICATION OF INIQUITY.

TRIBUTE TO THE CHARACTER OF PARNELL BY "LONDON DAILY NEWS."

News of the World in Brief—Drummers' Gift to General Harrison—Laborers Riot—Have Not Left Agency—Other Telegraph News.

By Cable to The Freeman,

LONDON, Feb. 25.—Referring to the developments before the Parnell Commission and to Mr. Gladstone's remark that a vast fabrication of iniquity was about to be exploded, the *Daily News* says: "Profound respect for the judges prevents our dotting Mr. Gladstone's I's and crossing his t's." Regarding Mr. Parnell the *News* says: "If he clears his character Englishmen will remember the patient dignity, gentle forbearance and unflinching courage with which the greatest living Irishman has borne himself under a storm of caulmny which would have broken many a brave spirit. He will forever rank among the most devoted, sagacious, loyal and unselfish statesmen that ever steered a country through storm and peril to honor and safety. Nor will the names of Walsh and Eagan go without their due need of praise."

The New-York real estate market, with its slaes at auction and private contract amounting to $4,750,000 during a broken week, is considered without precedent for this season of the year.

A Committee of the Legislature of New-Mexico is investigating alleged excessive expenses of the district courts, and a clerk and a stenographer who refused to answer questions are under arrest for contempt.

WESTERN PEOPLE BURNED TO DEATH.

Mischievous Boy Held a Cat Against a Stove—Suffered from Cold.

By Telegraph to The Freeman

HELENA, Mont., Feb. 25.—Two children named Callihan, at Belmont, were burned to death, yesterday, and a third will probably not survive. The mother had gone out to secure supplies, when the eldest boy held the cat against the stove and its hair took fire. It ran under a sofa, the building was ignited and two of the children perished.

BURLINGTON, Ia., Feb. 25.—At Winfield yesterday forenoon the dwelling of Thomas Innis was destroyed and his mother-in-law, Mrs. Torbitt, aged 60, and Innis' 11-year-old daughter were burned to death. Mr. and Mrs. Innis and six other children escaped in their night clothes and were compelled to walk some distance to a neighbor's house. Innis was burned and the whole family suffered terribly from the cold.

ADMISSION OF FOUR NEW STATES

Into the American Union Commented Upon by the "London Times."

By Cable to The Freeman.

LONDON, Feb. 25.—The *Times*, commenting upon the addition of four states to the Union, says: "The Union has passed the ordeal too many times for the latest increase to cause top-heaviness, but it is as impossible for a community like America not to be transformed by the plunging into it of realm after realm as for the infusion of a potent ingredient not to affect a chemical combination. The Americans themselves imperfectly comprehend the actual amount of metamorphosis. Still less can they predict the eventual modifications to which it points."

DRUNKEN RAILROAD LABORERS RIOT.

Five Men Pounded Almost Out of Recognition; One Died of Injuries.

THE FRENCH CABINET'S DECLARATION

Boulanger Likens it Unto the Last Meaningless Words of a Dying Man.

By Cable to The Freeman.

PARIS, Feb. 25.—The newspapers, with the exception of the Radical organs, give a cordial reception to the Cabinet's declaration.

General Boulanger likens the ministerial declaration to the last meaningless words of a dying man. He ridicules the idea of exceptional measures against him, because he says everything he does is legal and open. The selection of Spuller, he declares, made the Ministry more than ever to his liking.

Indians Have Not Left Agency.

By Telegraph to The Freeman.

STANDING ROCK AGENCY, Dak., Feb. 25.—The reports that a large band of Sioux had left this Agency with their war paint on *en route* to the big Missouri River, has no foundation. Sitting Bull was at the Agency yesterday and said he had no cause for complaint.

On a piece of wrapping paper she read of Dr. King's New Discovery, and got a sample bottle; it helped her, she bought a large bottle, it helped her more, bought another and grew better fast, continued its use and is now strong, healthy, rosy, plump, weighing 140 pounds. A SAD WOMAN.

The Secret Cause of Most Ladies' Troubles Explained and Some Sensible Advice Given.

It is safe to say that not one woman in ten thousand lives a single week in which she does not either cry or feel like crying. The cares of life, disappointments, and, more than all else, weaknesses and pains make all women more or less miserable. This is all wrong. Women were made for happiness, not for misery. When a woman is weak she requires strength. Her body, her mind and all her faculties and functions must be put in a healthy condition, or she cannot secure strength. Nature is always ready to do this, but nature almost always requires assistance, and the question therefore is, "How can we best assist nature?"

The finest physicians in the medical profession have agreed that nothing so surely and easily does this as pure whiskey taken in moderation, either before meals or between meals. The effect is to gently and heathily stimulate all the faculties to vigorous action, and thus nature is assisted and strength given. There are hundreds of thousands of ladies in America, to-day, who are growing stronger, healthier and more attractive in appearance by the judicious use of Duffy's Pure Malt Whiskey. Many of these ladies are the wives of ministers and professors, and hundreds of them are temperance women. They realize that Duffy's Pure Malt Whiskey is a medicine, not a drink, and that it furnishes the best and only positive help to weakened bodies that has ever been discovered. Great care should be exercised, however, to secure only the genuine, which is absolutely pure, for there are many so-called whiskies in the market that are a positive injury to anyone who uses them. We venture to assert, however, that not one woman in five hundred who will carefully use this great aid to health in moderation will continue to suffer from weaknesses, but, on the contary, will find a renewal not only of youthful vigor, but of color, brightness, and all those qualities which indicate the presence of perfect health.

FOR WOMEN.

Are you wasting slowly but surely away from the effects of female weaknesses? Are you wan, pale, and nervous? Do you not sometimes feel that life is losing its attractions, and that you are gradually sinking into a decline which, if not taken in hand promptly, will end in an early death? Yes, you have felt all these things, and doubtless know that tens of thousands of once rosy-cheeked, plump, healthy girls and women go into their graves every year solely because these weaknesses were allowed to sap up the well springs of life till nature could no longer stand the strain. There is not a sensible maid, wife or mother who will not appreciate as more valuable than gold and precious stones Dr Fontaine's new remedy PALMETTO, which is safe, sure, and speedy in curing the worst case of female weakness.

Mailed secure from observation on receipt of $1.00 I also have a full line of elegant Toilet Goods, including Face Cream and Jellies, Wrinkle Paste Fattening Formula, Auburnine, Depilatory, Acnine, Freckle Lotion, etc. Development of a beautiful form a specialty. Sealed circulars, 4 cents.

NOTES ABOUT ICE AND "ICE MEN."

What is Being Done 'Long Shore and Up the Rondout Creek.

Reid & Powell are stacking ice on their dock at Coxsackie.

Work was begun at the Knickerbocker Ice Company's house at Slate Dock, Rhinecliff, this morning.

The work of filling the ice house of the Cornell Steamboat Company, in Rondout, was completed to-day.

It is expected that the work of filling the Brewers' Ice Company's house at Eddyville will have been finished before to-morrow noon.

The Knickerbocker Company has filled four barges at Dutchess Junction with ice from Lake Billings. The ice is from 11 to 15 inches thick.

A dispatch from Albany says: There no longer remains any doubt that the ice harvest here will be successful. Most of the local dealers expect to get in all they want this week.

The work of filling several barges with ice by the Brewers' Ice Company, at South-Rondout, which was begun on Saturday, has been abandoned until the ice at that point increases in thickness.

A good quality of ice, taken from the John Hutchins Pond, Esopus, is being stored in one of the Knickerbocker Company's houses there. The pond is located nearly half a mile from the house, and is conveyed from the pond to the house on slides.

A dispatch from Troy to THE FREEMAN to-day stated: The recent cold wave has increased the thickness of the ice in this vicinity to 12 inches, and ice dealers who have already filled their houses are making preparations for stacking. A Port Schuyler firm this morning began work on a new stack house 366 by 66 feet.

Beck & Burns, of Rondout, are stacking ice on the "Lower Island Dock" of the Delaware & Hudson Canal Company, near Derrenbacher's Corner. A large tank, it is said, will be erected on the dock, in which ice water will be kept during the summer for men in the Coal Company's employ. Beck & Burns have the contract for the filling of the McGinnis house, on Meadow-street, Rondout.

Active preparations are being made by the Knickerbocker Ice Company for the storage of ice in their houses south of this City. At the Clearwater house, near Highland, every detail has been arranged for "starting up." At the "Fox Grove" house, in Poughkeepsie, and at the Marlborough houses, men are putting out "runs" and other necessary appliances for the housing of ice. The ice averages about eight inches in thickness at the points named. The aggregate capacity of the houses to be filled by the Knickerbocker Company at Clearwater's, Poughkeepsie and Marlborough is 60,000 tons.

WATCHMAN'S FORTUNATE DISCOVERY.

What Might Have Proved to Have Been a Serious Conflagration.

On Sunday morning Paul Cabel, a night watchman in Kingston, saw a bright red spot about as large as a man's hand, on the ceiling of Clarke's drug store, on Wall-street. He hurried across the street and discovered that it was a fire. The occupants of the building consist of three families, those of C. B. Safford, George Mowel and E. B. Matheson. Cabel rang the door bell. Some of the inmates had detected a strong smell of smoke, and in a short time the men were out of the building. They proceeded to the rear of the store, broke in a door and extinguished the fire with a pail of water. The fire was directly above an arc electric light. Mr. Clarke closed his store at 10:30, at which time he turned off the electricity by a cut-off on the lamp. The fire, it is said, was caused by the electricity, but in what manner is not understood. The ceiling was burned through and the beam charred for several inches.

OTHER FIRES.

The E. P. Carpenter house on the "South Road," five miles south of Poughkeepsie, was destroyed by fire on Saturday afternoon. Loss about $7,500.

A correspondent of THE FREEMAN at Highland writes: "Early on Saturday forenoon a fire was discovered burning briskly in the fellce factory owned by Terpenning & Company, at the Landing, near the ferry house. An alarm was given. Water was thrown on the burning timbers, and the fire was extinguished before much damage was done."

VARIOUS SPORTING MATTERS NOTED.

Broke Eighteen Consecutive "King Birds"—Death of a Stallion.

On Washington's Birthday L. P. Schutt, of Catskill, broke 18 consecutive "king birds" while practicing shooting.

The promising five-year-old stallion Abdalla Prince belonging to Gilbert Green, of Middletown, died recently. Its owner had refused an offer of $4,000 for the animal.

A race between a sorrel gelding of Marcus Lane and a black mare of John E. Lasher, of this City, will take place on the Kingston Driving Park as soon as the track is in condition for speeding.

ICE BOAT RACE.

A dispatch to THE FREEMAN from Marlborough, to-day, stated: The Marlborough Ice Yacht Club sailed a race on the Hudson River this forenoon, for the Club pennant. Only two boats entered, the "Yum Yum," owned by E. Corwin, and the "Nameless," owned by Kniffin and Bengham. The course was seven miles to windward and return. At the start the wind blew fresh from the north. The "Nameless" took the lead from the start and finished an easy winner in 40 minutes.

SKATING CONTEST.

A dispatch to THE FREEMAN from Newburgh, to-day, stated: Joseph Donoghue and Elmer Simpson, of this City, will skate a one mile straight away race, on the Hudson River, at this place for a medal, next Wednesday.

IN THE CIRCUIT COURT, KINGSTON.

A Long-Winded Case Ended—Some Incidents Noted.

But few cases were disposed of at the late Circuit Court, in Kingston. One week was almost entirely consumed trying the case of Ostrander vs. Washburn *et al.*

POINTS ELICITED.

During the trial of a case in Circuit Court, Kingston, recently, several engineers and surveyors gave testimony. Some of the points elicited were as follows:

"The needle of a compass in this locality varies three minutes each year."

Question by counsel—"Are any two compasses likely to point exactly the same?"

Answer—"They are more likely to point different."

Q.—"At different periods of time will the same compass point different?"

A.—"Yes."

One of the lawyers asked an engineer whether the instruments used by surveyors in olden times were as good as those of the present day. The opposing lawyer objected to the question, saying if that were proper, 50 years hence, it could be claimed that the instruments of that day were greatly superior to those in use now, and therefore lines run now, would not be as correct as those run then. The Court sustained the objection. It was shown that when one of the lines was run a lawyer held a tape line. The engineers were of the opinion that because a lawyer held the tape line was not convincing proof that the measurements were correct. Great care is required in handling a tape line to make a proper survey. The difference in variation in the coast survey, it was claimed, from 1835 to 1888, was 3° and 29'. There is a line known as a line of "no variation." It runs from a place near Washington to a place somewhere in Ohio.

THE RECORD OF CITY AMUSEMENTS.

The Deshon Opera Company To-Night—Promenade Concert—Ball, Etc.

The Springfield Gazette has said this of the Deshon Opera Company, which will open a week's engagement in the Kingston Opera House to-night: "Olivette, by the Deshon Opera Company, was performed last night to a large and enthusiastic audience. It went with a vim and made a decided hit. As this company has become such a favorite in this City it would probably be interesting to our readers to learn something of the different members of this company. Frank Deshon, the comedian, has been on the stage for 12 years. He has been with the best companies in the United States. With his own company he played at the Criterion Theatre, Brooklyn, for six months with success." A change of programme will occur each night. All the operas given by this company are popular.

PROMENADE CONCERT.

A social event in this City before the beginning of the Lenten season will be the promenade concert and reception of the members of Cornell Hose Company, of Rondout, to be held in the Academy of Music on Wednesday evening. The arrangements made by the various committees give evidence that there will be rare opportunities for enjoyment. There are few fire companies that entertain their friends in such regal style as does this body of volunteer firemen.

BALL.

On Monday evening, March 4, the members of the Monopol Social Club, of Rondout, will hold a ball in Washington Hall. The following is the Committee of Arrangements: H. Caddy, G. A. Brown, W. H. Nash, I. Cole, D. Forst, E. N. Brown, Henry Thomas, J. N. Walter.

SOME PHASES OF THE SEAMY SIDE.

Arrest of an Alleged Murderer—Sentenced to Dannemora Prison.

The Davis store, at Verbank, Dutchess County, was burglarized one night recently.

In the Columbia County Court, one day recently, 31 talesmen were summoned to secure one juror in the Hover forgery case.

John Finkle and Michael Phillips, of Columbia County, have been sentenced to Dannemora Prison for 10 years for burglary.

A dispatch from Poughkeepsie says: A week ago or more Detective Somers, of Linwood, Neb., telegraphed the authorities here that he had arrested John Waters, charged with murdering Mrs. O'Neil, in this City, two years ago. Sheriff VanTassell sent the detective all the documents in his hands that might lead to the identification of Waters, and also a picture of the murderer. Last night the Sheriff received another telegram from the detective, saying: "I have got the right man. Come on and get him." To-morrow Sheriff VanTassell will apply to Governor Hill for a requisition, and will send an officer after the alleged Waters.

RECORDER'S COURT.

The case of one William Leroy, of Kingston, charged with assault, which was to have been tried in Recorder's Court, this forenoon, has been postponed, owing to the illness of Recorder Hussey.

THE SONS OF THE REVOLUTION.

Kingston Gentlemen who Were Present at Organization's Annual Dinner.

Among the Kingston gentlemen who were present at the annual dinner of the Sons of the Revolution at Delmonico's, New-York, on Washington's Birthday, were the Rev. R. Randall Hoes, Thomas G. Evans and A. T. Clearwater. General Alexander S. Webb, President of the University, of New-York; Benson J. Lossing, the historian; the Rev. Dr. Greer, the new Rector of St. Bartholomew's Church, New-York City; Mr. Clearwater, Chaplain Hoes and Mr. Evans were among the after-dinner speakers. Mr. Clearwater, in responding to the toast "The Ancient Capital of New-York," said that at Kingston was the Ancient Capitol of the State constructed a century and a half before the invention of papier mache, and many years before the introduction of quartered oak in America. It was built of solid Ulster County lime stone, and although its interior was not encrusted with Mexican onyx or upholstered with stamped Cordova leather, it had served its purpose admirably, and further appropriations for its completion were not needed.

IN THE STATE FORESTRY DEER PARK.

Two Red Deer that Excite Interest in the Town of Denning.

An Ulster County man, who has been in the forests in the vicinity of Slide Mountain and the State Forestry Deer Park, in the town of Denning, says that two red deer which are running in the park excite interest among the inhabitants of that town, many of whom go for miles to look at them. The wire fence around the park incloses about 100 acres, mostly of forest land. Within it is a small lake. The wire is not barbed, and is fastened on posts which are set firmly in the ground. The fence is 10 feet high, and the strands of wire are only four inches apart, so that dogs cannot enter the inclosure.

MEMORY OF FAMOUS INDIAN SLAYER.

A Monument to be Placed at Head of "Tom" Quick's Grave.

A monument will be erected to the memory of "Tom" Quick, the great Indian slayer of the Revolutionary period. It will be erected by "Deacon" Bross, of Chicago, late Lieutenant-Governor of Illinois. The dust of Quick reposes in a "plain grave" in the Rose family "burying ground," between Matamoras and Milford, Pa. The *Port Jervis Gazette*, in giving this information, says: "This monument will mark at once the quiet abode of both the Quick and the dead—the dead that was Quick and the Quick that is dead."

Primaries.

Democratic primaries will be held in this City to-morrow night.

Republican primaries will be held in the various wards of this City to-night. The place of meeting in the First Ward has been changed from Firemen's Hall to the Eagle Hotel.

CONFIRMATION AT ST. MARY'S.

St. Mary's Roman Catholic Church, Rondout, was thronged with people on Sunday. The occasion was the closing day of a mission that has been held for two weeks and a visit of Archbishop Corrigan. The Rev. Father Langcake at High Mass in the morning preached on the subject of "Sacrifice." At a service more especially for women, held in the afternoon, the Rev. Matthew McDonald preached. At 4 o'clock a class of 90 adults, 50 males and 40 females, were confirmed by the Archbishop. An address was made to the class by the Archbishop. The only man in Poughkeepsie who celebrated Washington's Birthday was Captain William Gage, a former resident of Rondout. OF INTEREST TO OLD SOLDIERS HERE.

An Old Battle Flag Displayed at Recent Reunion—Reminiscences.

At the reunion of the members of the One Hundred and Twentieth Regiment in Kingston, on Friday night, the flag of the Regiment was displayed. This flag, it is said, was carried in every battle in which the Regiment took part. It was riddled with bullets, and once the staff was broken with a shell. It was never in the hands of the enemy, though during the retreat at James City the Confederates were close enough to the color bearer, to order him to surrender, threatening him with death in case of refusal. At Spottsylvania Court House when during a counter charge the brigade was broken and forced to fall back in confusion, the One Hundred and Twentieth Regiment rallied around this flag and formed line with such celerity that the General in command publicly complimented them.

A REMINISCENCE.

When Colonel Lockwood was in command of the One Hundred and Twentieth N. Y. V. Regiment, during the War of the Rebellion, he was considered a strict disciplinarian. At the recent re union in Kingston he shook hands with a member of the Regiment. "I cannot recall your face," said the Colonel, "though I thought I knew every member of the Regiment." "Well," answered the veteran "maybe I can bring it to your mind. While in front of Petersburg one Saturday night, I was detailed as Corporal in charge of our men on the picket line. I was out with the squad in the rifle pits, in close proximity to the enemy, all night. We were relieved before daylight, so the enemy would not have as good a mark to fire at. We worked our way back, cautiously, and arrived at the Regiment safe and sound. It was Sunday morning, and it was not long after we had eaten breakfast before the call for inspection and parade was sounded. It was not usual for those who had just returned from duty on the picket line to be inspected, because crawling in trenches and lying in mud in rifle pits was not conducive to cleanliness, and time and labor were required to scour up. We were ordered out, however, and as protesting would do no good we took our place in line. We were not tidy, and the guns were black and dirty from continual firing during the night. You, Colonel, came down the line inspecting each soldier. By and by you reached one of the men who had been on picket. You surveyed him from head to foot, and the gun was examined. 'Whose squad do you belong to?' was the inquiry. 'Corporal Lewis,' was the answer. 'Umph!' you said, as you tossed the gun back and passed on. It was not long before you came to another member of my squad. After an examination I heard the question in louder tones: 'Whose squad do you belong to?' 'Corporal Lewis,' was the quick response. Something decidedly emphatic was said. When you came to the third man of Corporal Lewis' squad and received from him the same answer, you thundered out, 'Well, I'll reduce Corporal Lewis to the ranks.' Later explanations were made and accepted. Corporal Lewis was not reduced to the ranks. Do you remember?"

"Yes, I do," said the Colonel, "Corporal Lewis, I am very glad to meet you."

WHERE PEACH TREES ARE IN BLOOM.

A Kingston Man's Journey From New-York to Florida.

According to a letter received from Howard Hendricks, of Kingston, who has been attending sessions of the Pomological Society at Ocala, Florida, the trip there on the railroad from New-York occupied 48 hours. It was a pleasant journey, many members of the society being on the train. They were received in Florida by the Governor of the State and by the Mayor of Ocala, and invitations for excursions through various parts of the State were extended the party. Mentioning some of the phases of the ride Mr. Hendricks says: "Every night we were turned around several times. They took us head first and then feet first alternately." He found in Carolina that peach trees were in bloom, and peas were six inches high. There are "palms and lilies, negro log cabins, mules and pine forests. The air is redolent with perfume." The beautiful swinging moss attracted his attention and he gathered curious palm leaves while waiting on a switch. "In Florida the orange groves are numerous and beautiful. The train boy demanded 25 cents for six Indian River specimens. The soil is all white sand. There are forests of stately palmetto palms. Some of these trees are 50 feet high." In regard to the scenery a woman remarked to her husband: "What monotonous scenery!" Her husband replied: "It is the climate you came for, not the scenery."

ACCIDENTS REPORTED THIS DAY.

A Farmer Has a Leg Broken—Mishap to a Horse and Boy.

This morning a young man named Charles Woerner, of Rondout, ran the point of a pike pole into his right foot. In drawing the pole upward, another point of the pole ran into his left leg.

On Saturday a horse broke through the ice on the Hudson River, at Turkey Point. At the time of the accident a boy was seated on the horse's back, with his feet entangled in the harness. While in the water the lad, in his efforts to loosen his feet, was pulled under the horse. Horse and boy were rescued.

An exciting runaway occurred in Rondout at noon to-day. A farmer named R. D. Sahler, of Accord, Ulster County, was driving down Hasbrouck avenue, and when near the Ulster & Delaware Railroad crossing the horses became frightened at a passing locomotive and started on a run. The wagon was loaded with baled hay, on which Sahler was seated. When a short distance from the crossing he lost his seat and fell to the ground. The horses continued in their flight to the corner of The Strand and Hasbrouck-avenue, where they dashed upon the sidewalk. One of the wheels struck a tie post, stopping the vehicle, breaking the tongue and tearing the harness. Sahler was picked up and carried into the office of Drs. Smith & Crispell. It was found that the man's right leg was broken just above the ankle. He was otherwise bruised.

A STORY FROM SAMSONVILLE.

Alleged Disappearance of a Woman of That Place—Fears That She is Dead.

Residents of Samsonville and vicinity, Ulster County, are excited over the alleged disappearance of a Mrs. John Traver, who, until recently, resided with her husband near Samsonville. The story as related, is that John Traver, an old soldier who lost an arm in the War of the Rebellion, came home a week ago last Thursday night, and having some words with his wife struck her. The woman threw a shawl over her head, and with the remark: "That is the last time you will ever give me a pounding," opened the door and passed out into the darkness, and has not been seen or heard of since. It was at first believed that she had gone to the house of some relative, either in Olive or in Rosendale, and no attempt besides writing to them was made to find her. When answers to letters and telegrams were received, stating that Mrs. Traver had not been seen, the people became alarmed, fearing that she had lost her way and been frozen. The woods are being searched. Mrs. Traver is about 50 years of age.

HON. J. P. BASS,

now President Eastern Maine State Fair Association; ex-Mayor, of Bangor, business man and capitalist, one of the best known men in Maine. He had, not long ago a severe attack of dyspepsia, which took him from all business, placing him under treatment. He went South and West in search of health, but failed to find it. Could eat no solid food, and became reduced in flesh from 160 to 118 pounds. Spent thousands of dollars, still no relief. At this time met Dr. Brown, who had just returned from Europe. The latter undertook a cure.

He expanded and strengthened the walls of the stomach of the patient, cleansed them of foreign accumulations; reduced that "growing sensation;" revived the liver and kidneys, exciting them to a healthy action, and toned up the blood until Mr. Bass began to regain former good health. Under this treatment he became entirely well, and that year, in connection with Hon. G. B. Loring and other officials of the New England Fair Association, managed their great fair. Mr. Bass says Dr. Brown used nothing in his case but
